Book Review: May 2011

Welcome to the world of books!

We don't sell or lend books – this is done by bookstores and libraries. We design and create the signage systems that help you find your way inside the libraries.

Vista System is the first in the world to offer a unique line of signage products designed specifically for libraries. Vista Library Line is a world of wayfinding products that were created with only one focus in mind: the specific wayfinding needs of libraries from A to Z.

There is no need to look further: a whole solution for libraries' signage is finally here!

Children's Department .....	203-210
Contributors signs .....	211-219
Tough signs for busy environments .....	220

MCFT Modular Curved Frame Technology

# Main Entrance Directing

We begin at the entrance – one of the most important areas of the library. Here you can choose from a variety of sign types designed specifically for entrances.

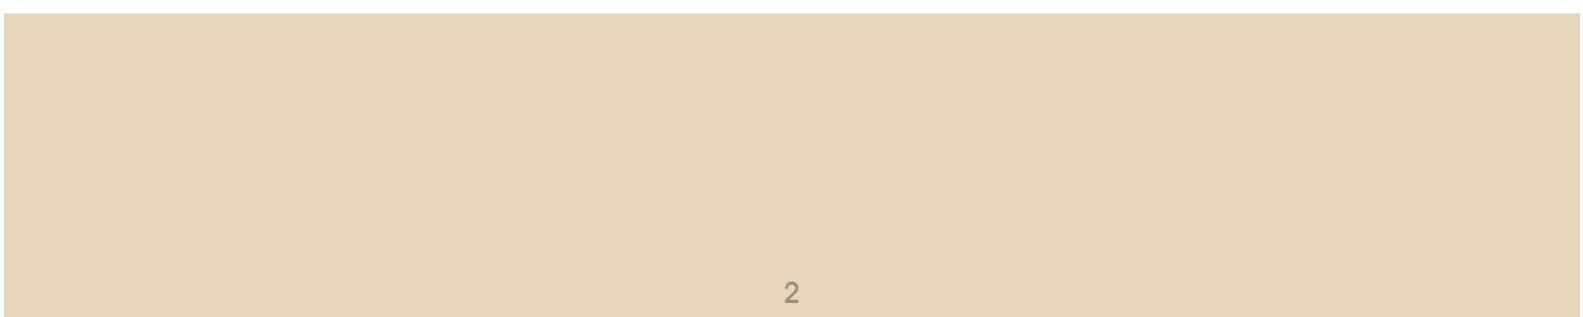

A typical library has a plethora of information to display to its visitors immediately when they enter the premises. The entrance is the ideal place to display such information. Codes of behavior in the library, operating hours, maps, news, and events are among the most common types of information to be displayed at the entrance. The information should be displayed in a clear and respectable manner.

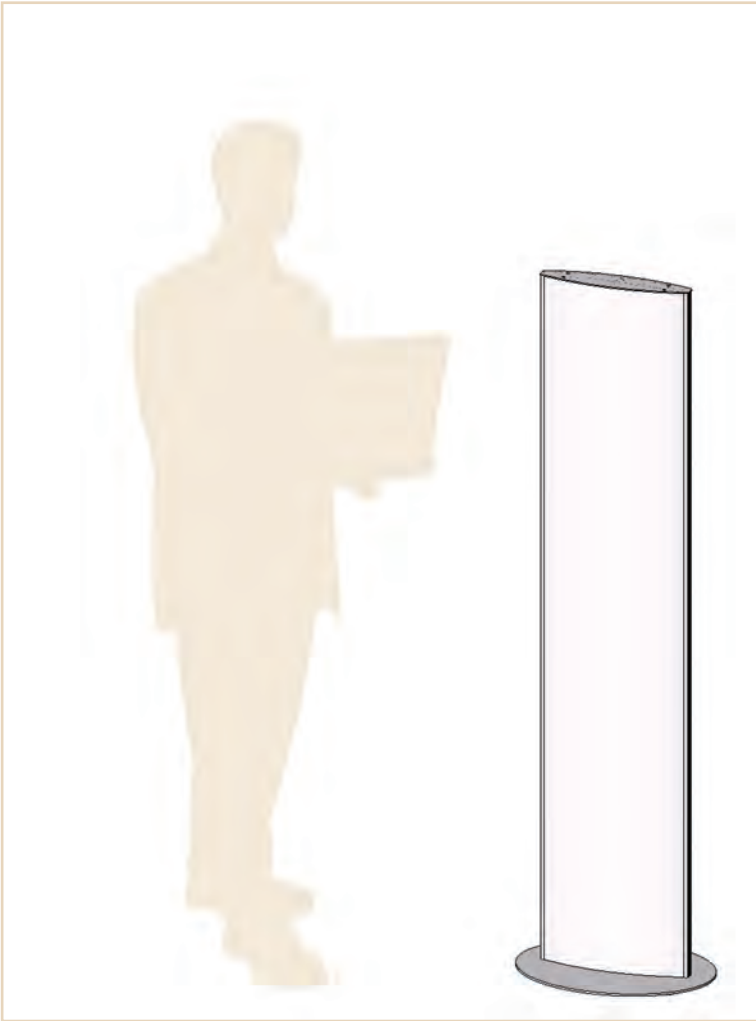

Choose the right product for you and order today from your preferred Vista System sign dealer.

Opening Hours

### Opening Hours

#### SECT0037

Overall sign size: H 51.6" x W 11.2"  
H 1310mm x W 284.5mm

Insert size: 51.18" x 10.98" (1300mm x 279mm)

■ A freestanding pylon is ideal for displaying the library's operating hours in an eye catching and stylish fashion. Updating is quick and easy: just remove the printed insert and replace it with a new one. Braille inserts are supported.

Library Map

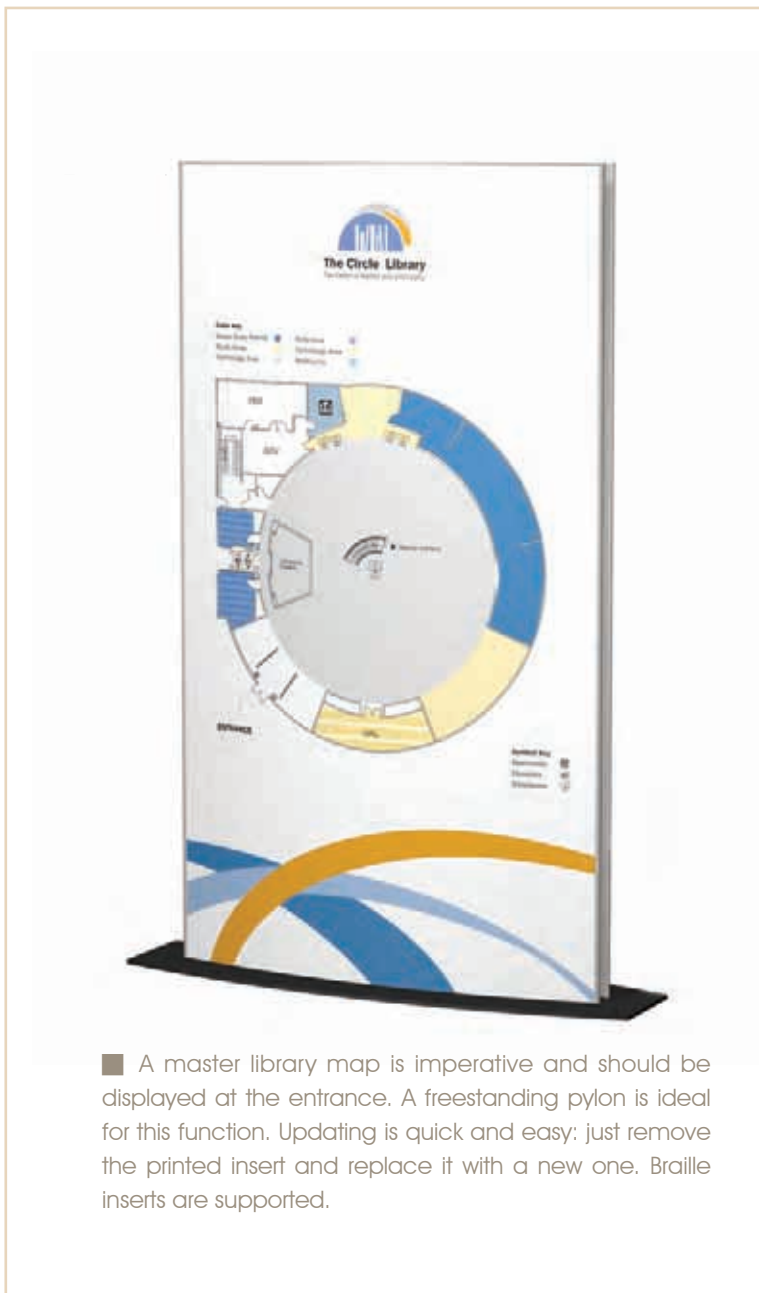

### Library Map

**SECT0039**

Overall sign size: H 63.5" x W 36"  
H 1615mm x W 915mm

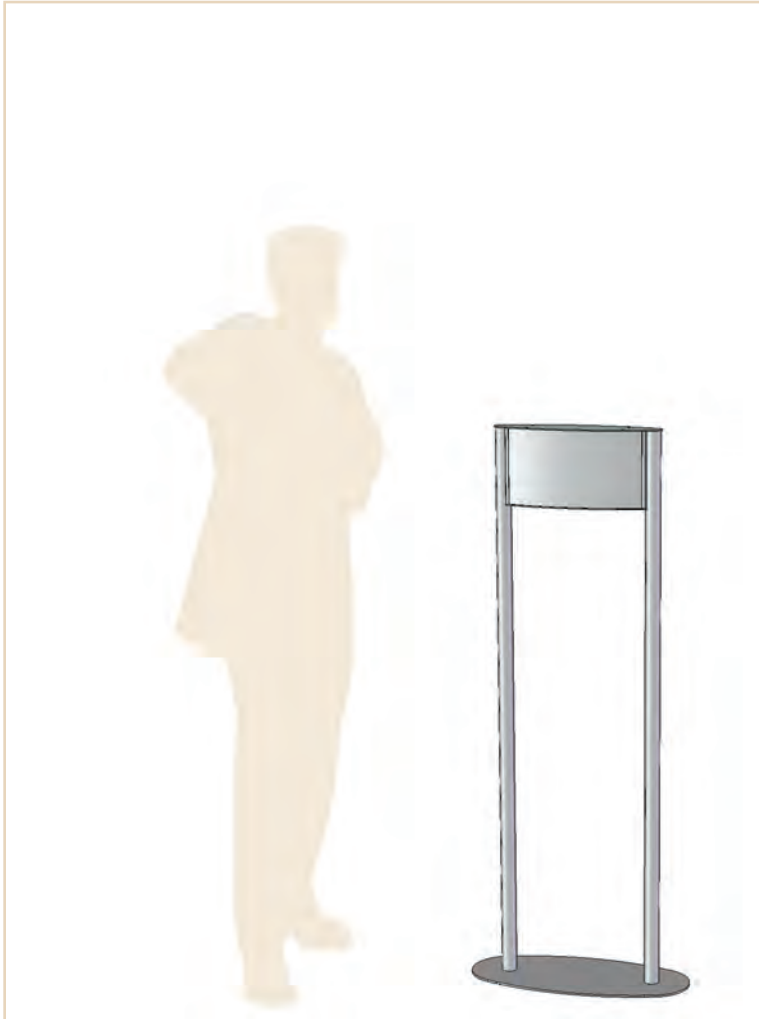

Insert size: 63" x 35.9" (1600mm x 912mm)

■ A master library map is imperative and should be displayed at the entrance. A freestanding pylon is ideal for this function. Updating is quick and easy: just remove the printed insert and replace it with a new one. Braille inserts are supported.

Opening Hours

## Opening Hours

### SECT0001

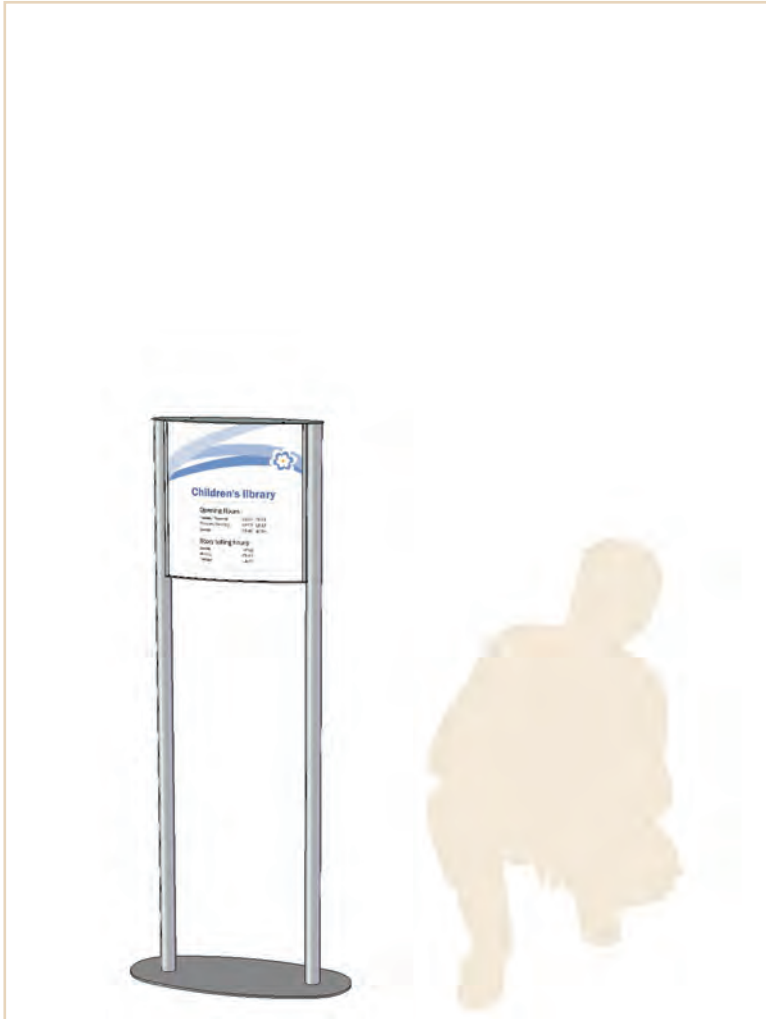

Overall sign size: H 44.4" x W 13.25"  
H 1130mm x W 456mm

Insert size: 7.638" x 10.984" (194mm x 279mm)

■ A freestanding post pylon is ideal for displaying the library's operating hours in an eye catching and stylish fashion. Updating is quick and easy: just remove the printed insert and replace it with a new one. Braille inserts are supported.

Storytelling Hours

## Storytelling Hours

### SECT0002

Overall sign size: H 44.4" x W 13.25"

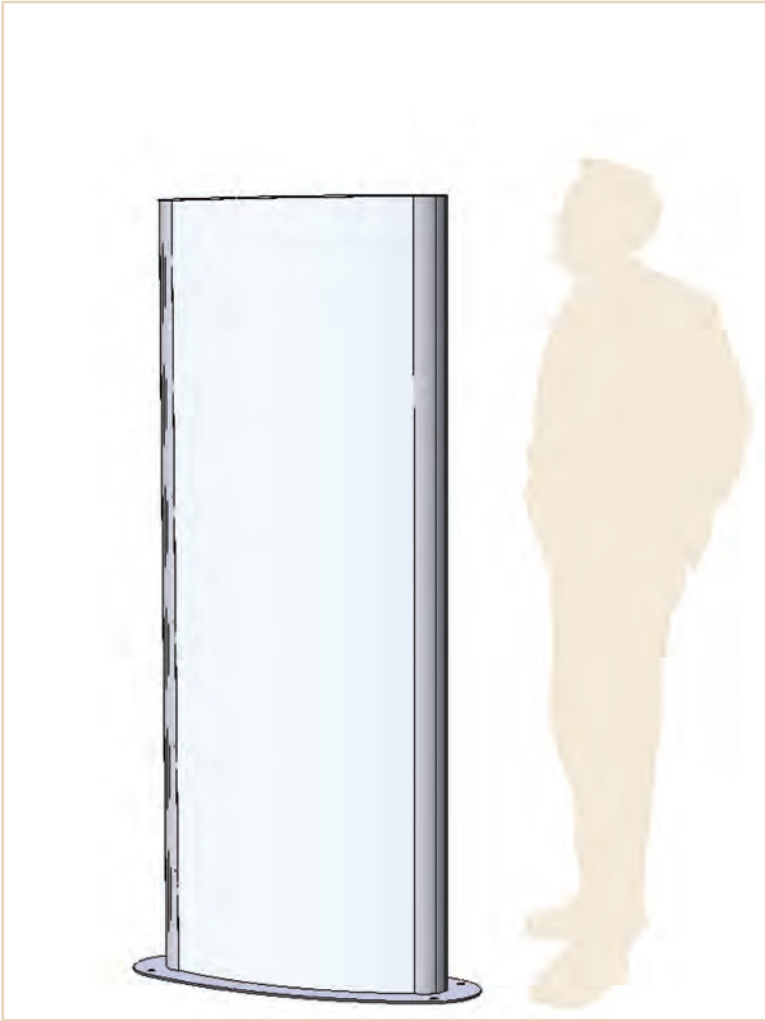

H 1130mm x W 456mm

Insert size: 11.81" x 10.98" (300mm x 279mm)

■ A freestanding post pylon is ideal for displaying the library's opening hours in an eye catching and stylish fashion. Updating is quick and easy; just remove the printed insert and replace it with a new one. Braille inserts are supported.

Operating Hours/Library Map

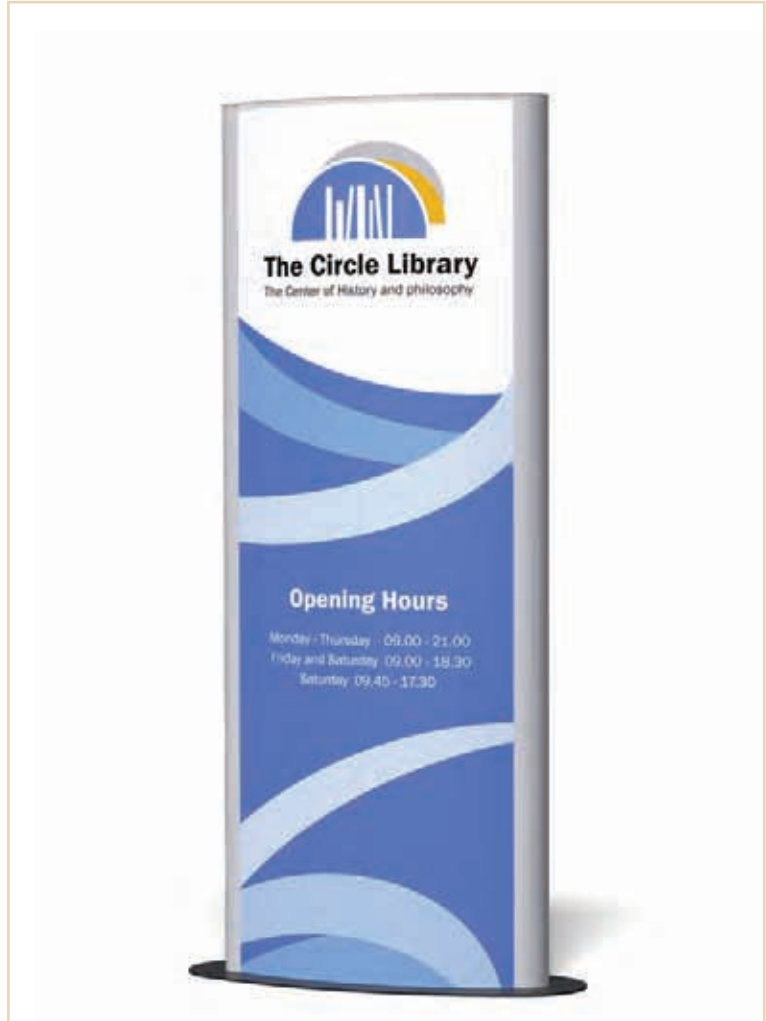

### Operating Hours/Library Map

#### VLF18

Overall sign size: H 69.3" x W 27"  
H 1760mm x W 691mm

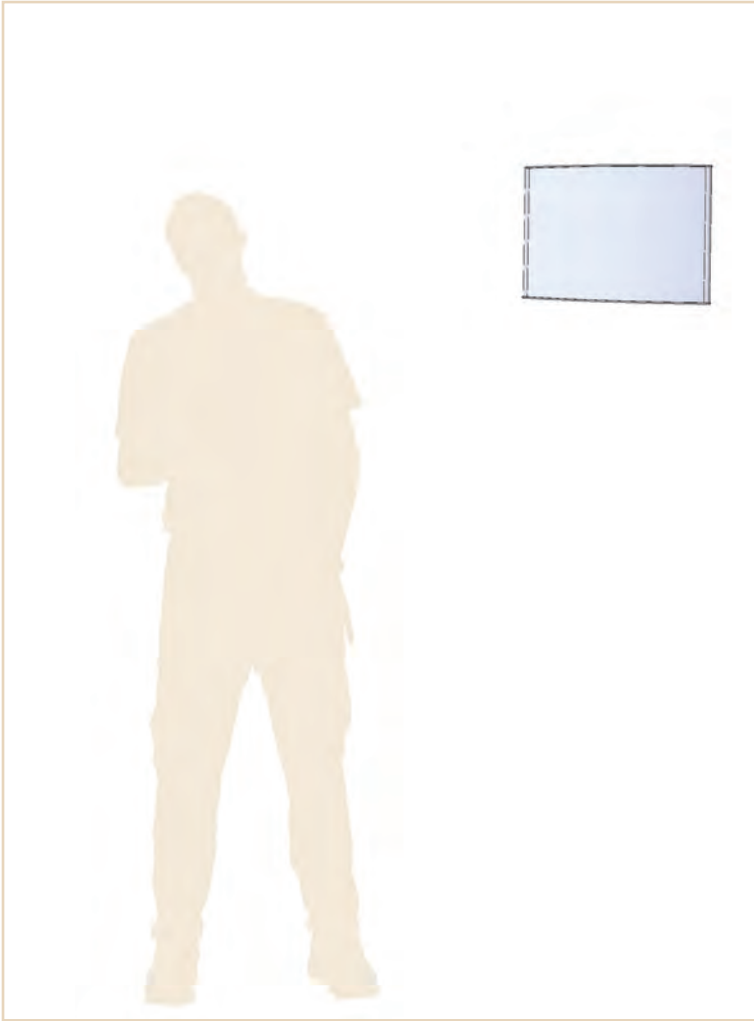

Insert size: 68.9" x 24" (1750mm x 609.5mm)

■ An illuminated pylon is ideal for displaying the operating hours and library map, especially when the library is closed and unlit or if the sign is located in places with less natural light. Updating is quick and easy: just remove the printed insert and replace it with a new one. Braille inserts are supported.

Operating Hours

## Operating Hours

### SECT0036

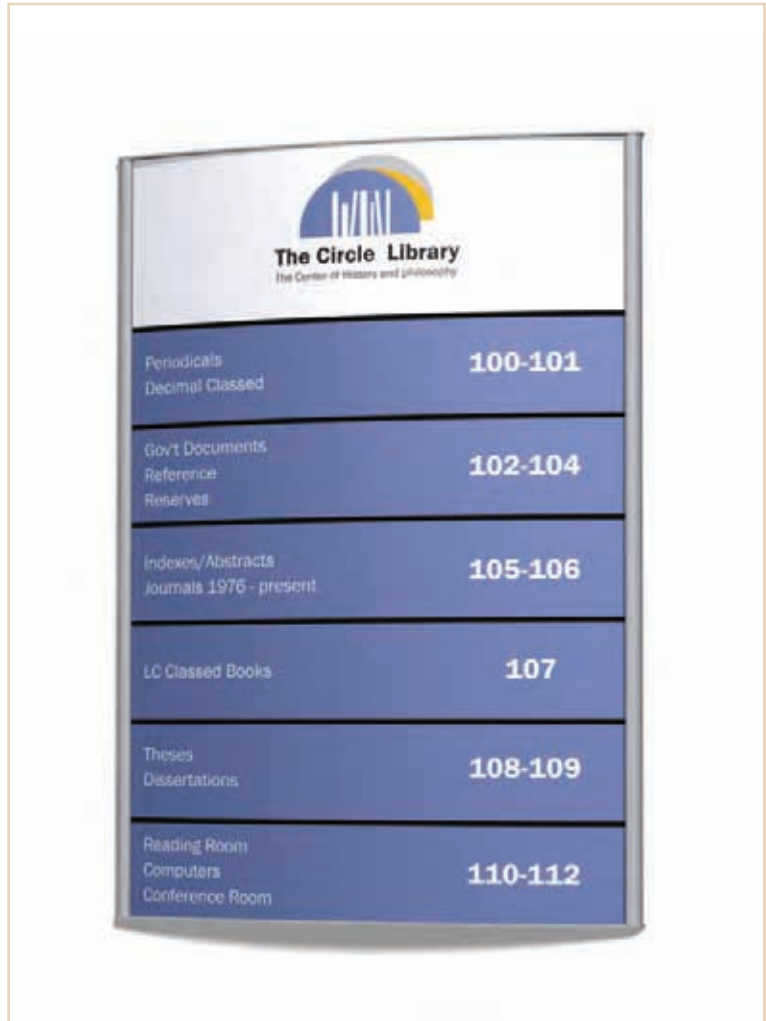

Overall sign size: H 11.2" x W 7.87"  
H 284.5mm x W 200mm

Insert size: 10.94" x 7.64" (279mm x 194mm)

■ A wall mounted sign is ideal for displaying the operating hours of the library if a prominent wall is visible from the entrance. Updating is quick and easy: just remove the printed insert and replace it with a new one. Braille inserts are supported.

Floor Directory

## Floor Directory

### D7

Overall sign size: H 22.44" x W 16"  
H 570mm x W 405mm

Insert size: 5" x 15.75" + 2.76" x 15.75"  
(127mm x 400mm + 70mm x 400mm)

■ A wall mounted directory sign is recommended for displaying the floor information at the entrance of each floor. The sign should be mounted on a wall visible from the entrance to each floor. Updating is quick and easy; just remove the printed insert and replace it with a new one. Braille inserts are supported.

Vista System sign offers a modular design, clear, precise and innovative, simple and functional.

## Departments' Entrance

Every library is divided into departments such as Arts, Music, Science and Literature. Each department must be clearly identified so visitors can easily and quickly find their destination. Vista System offers a wide selection of sign types for the departments' entrance.

Choose the right product for you and order today from your preferred Vista system sign dealer.

Department Title

**Department Title**

**SUS18**

Overall sign size: H 6.1" x W 22.84"  
H 154mm x W 580mm

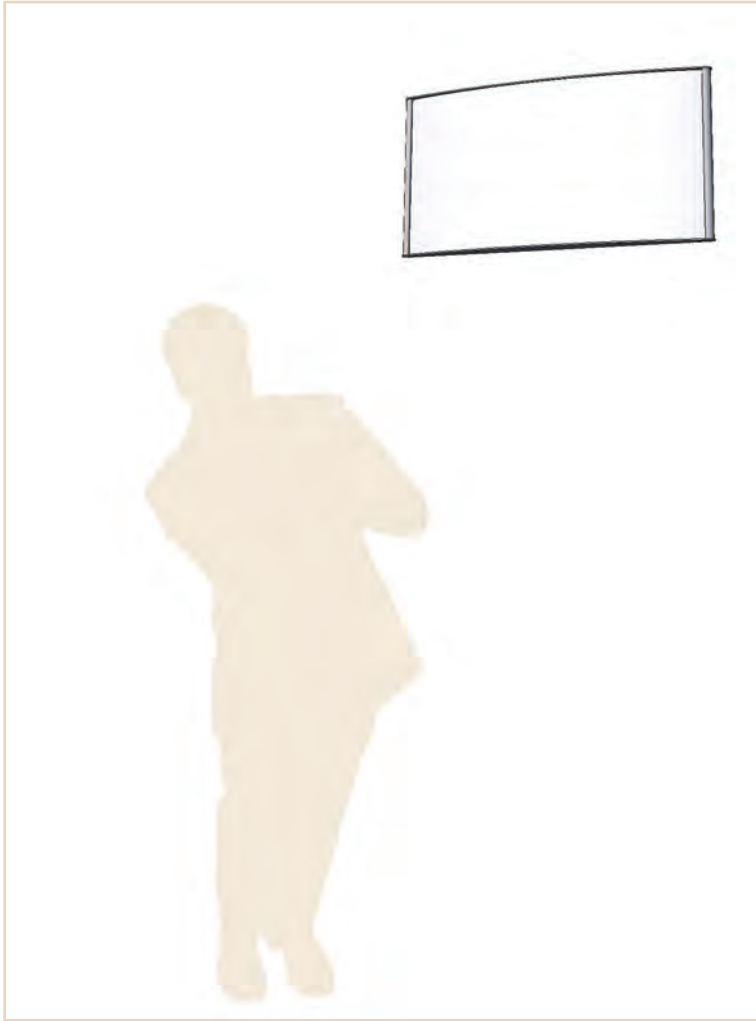

Insert size: 5.82" x 22.83" (148mm x 580mm)

■ Suspended illuminated signs can be easily seen from a distance and, thus, are ideal for displaying the department title. Updating is quick and easy: just remove the printed insert and replace it with a new one. Braille inserts are supported.

Library department

### Library department

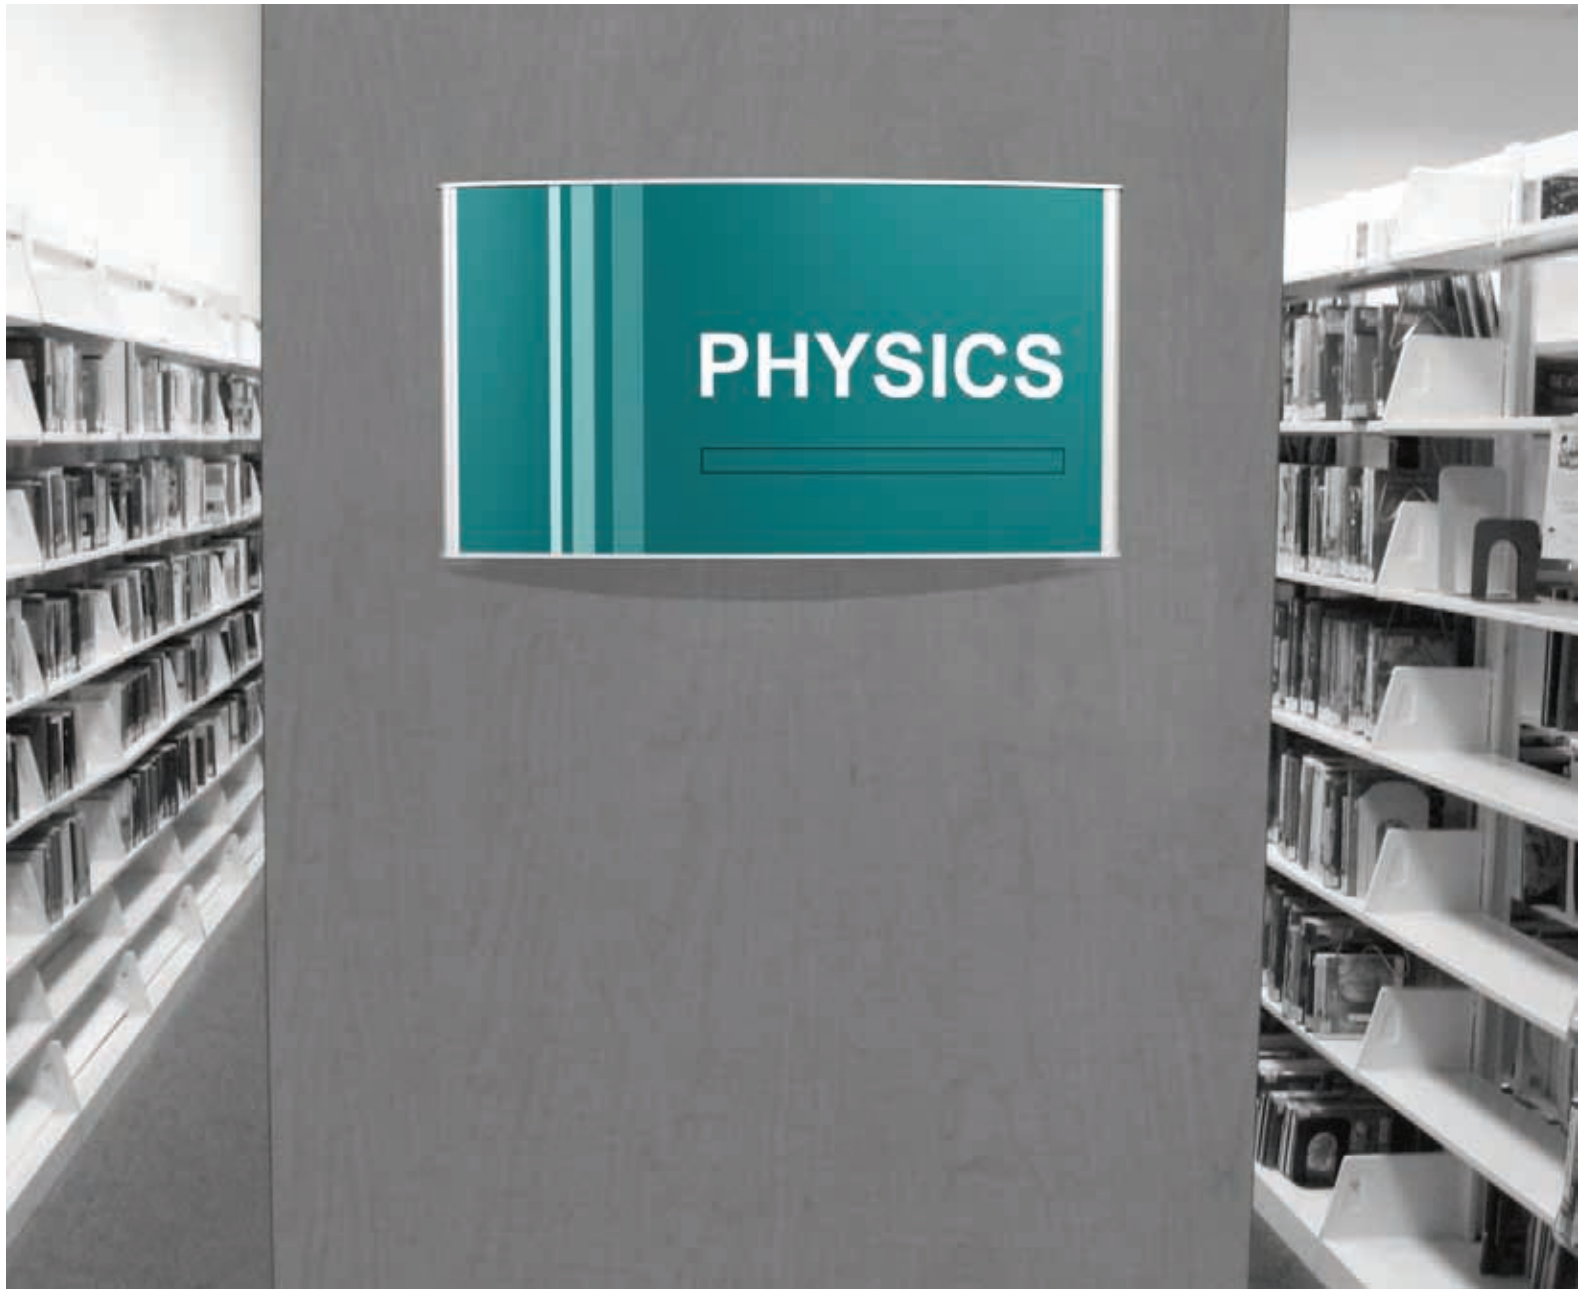

#### WFP124

Overall sign size: H 9.85" x W 20"  
H 250mm x W 506.3mm

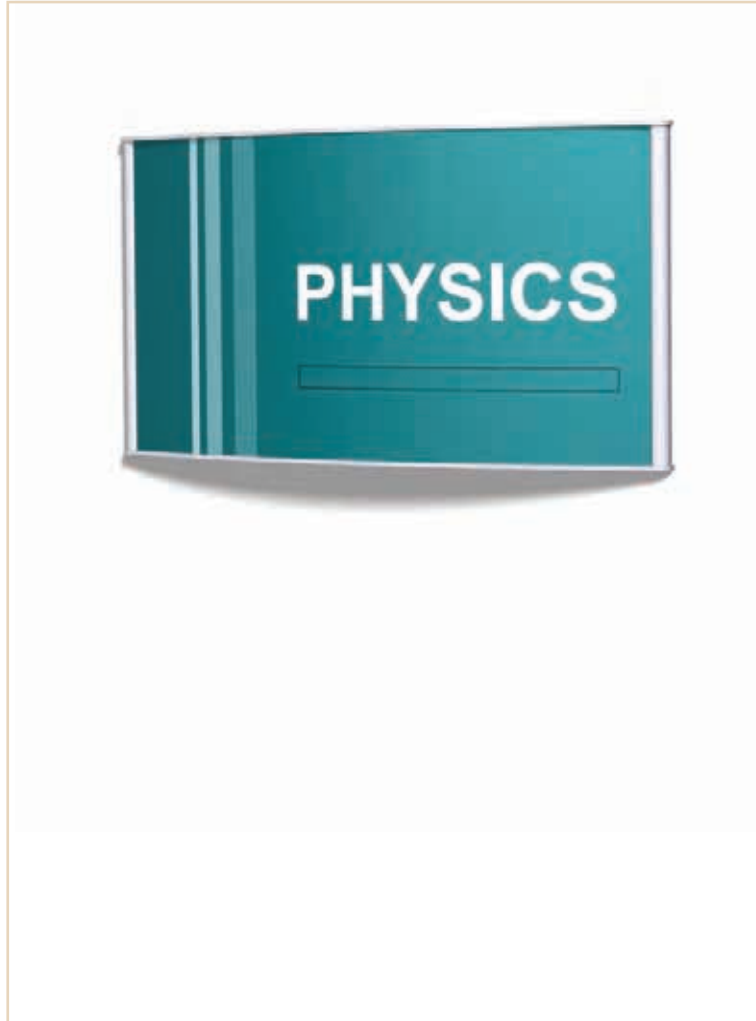

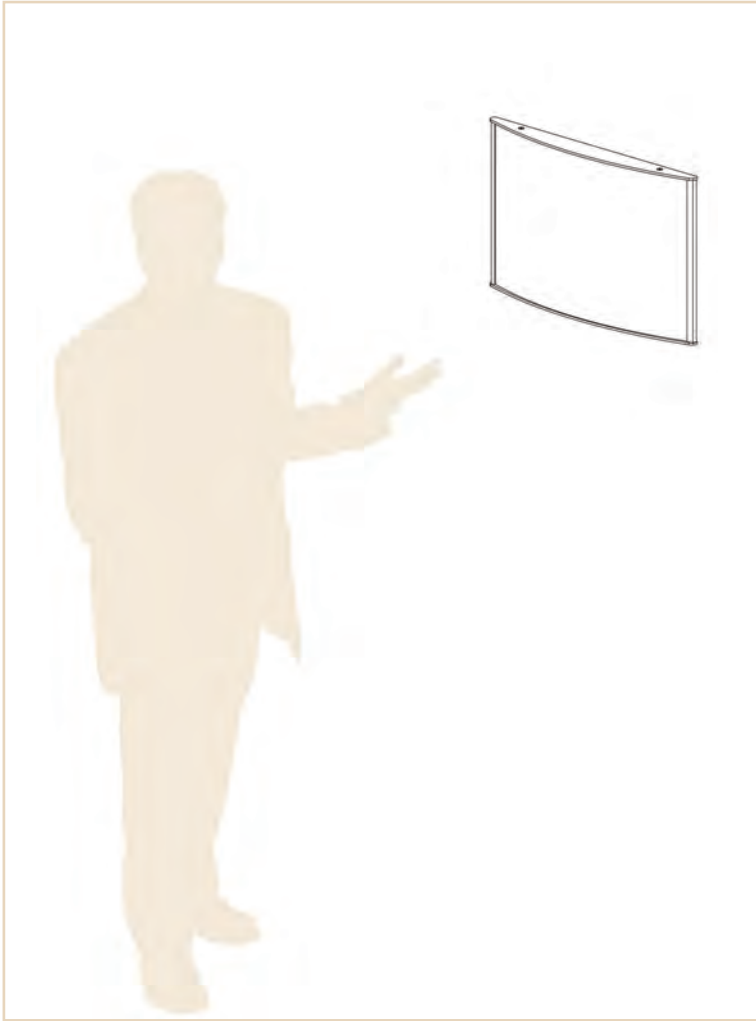

Insert size: 9.84" x 19.68" (250mm x 500mm)

■ A wall mounted sign is ideal for displaying the department title on a prominent wall visible from a distance. Updating is quick and easy, you just pop out the printed insert and replace it with a new one. Braille inserts are supported.

Library department (Braille)

### Library department (Braille)

#### WFP158

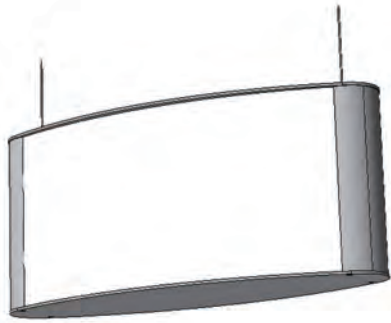

Overall sign size: H 5.9" x W 11.2"  
H 150mm x W 284.6mm

Insert size: 5.9" x 10.98" (150mm x 279mm)

■ A wall mounted sign is ideal for displaying the department title on a prominent wall visible from a distance. Updating is quick and easy, you just pop out the printed insert and replace it with a new one. Braille inserts are supported.

Department Title

### Department Title

#### SECT0055

Overall sign size: H 7.87" x W 10.35"  
H 200mm x W 263mm

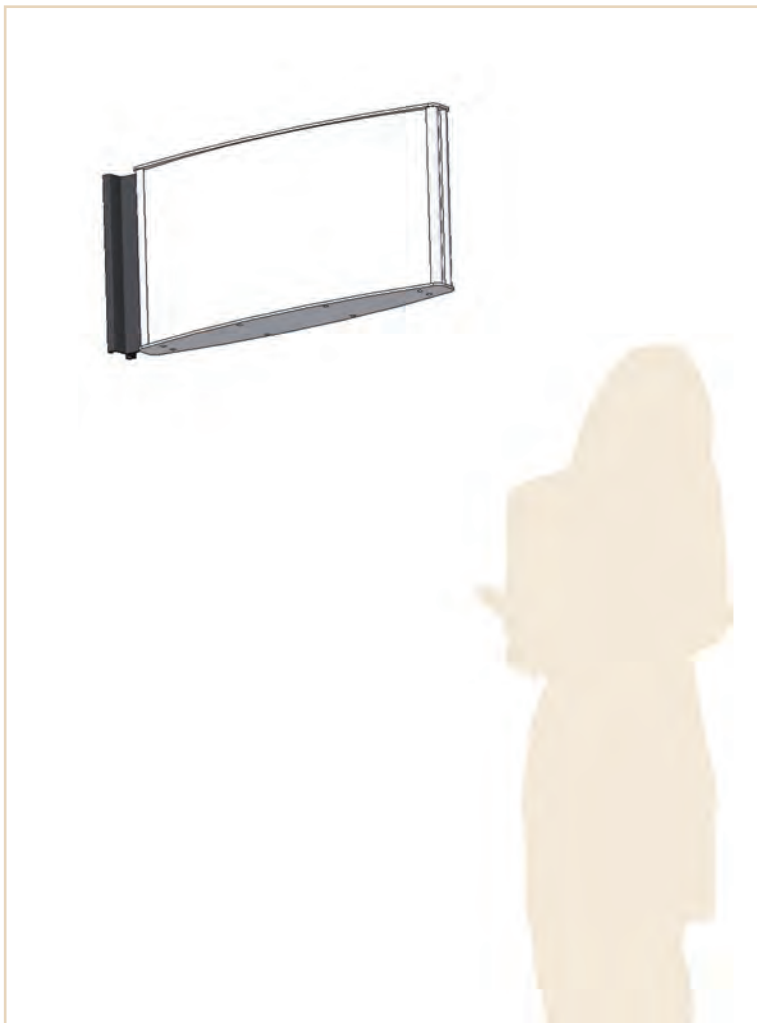

Insert size: 7.87" x 15.98" (200mm x 406mm)

■ Suspended illuminated signs can be easily seen from a distance and, thus, are ideal for displaying the department title. Updating is quick and easy: just remove the printed insert and replace it with a new one. Braille inserts are supported.

Library department

## Departments' Entrance

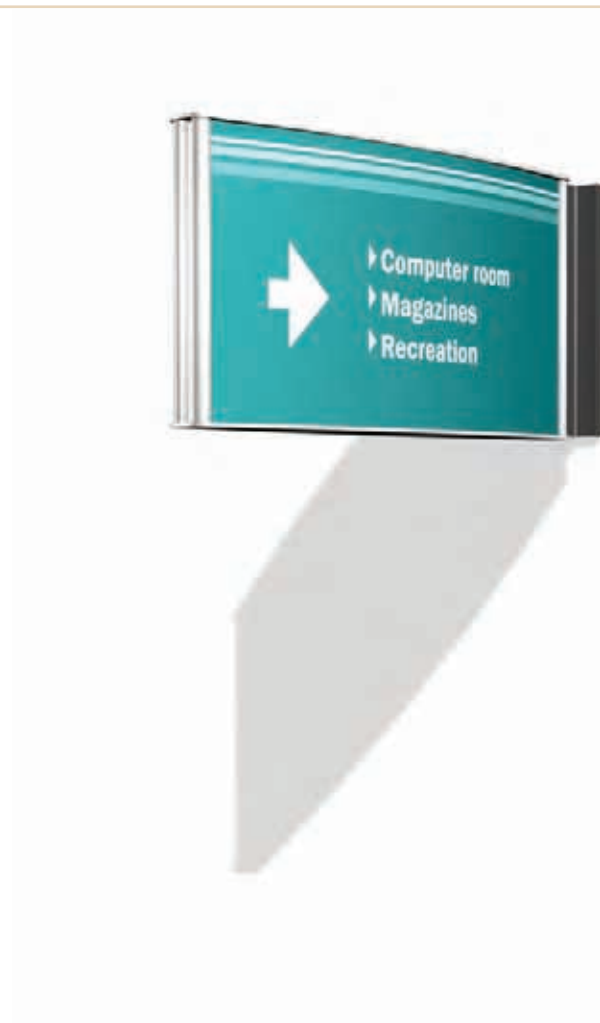

### Library department

#### SECT0054

Overall sign size: H 7.87" x W 17.5"

H 200mm x W 443mm

Insert size: 7.87" x 15.74" (200mm x 400mm)

■ Projecting wall brackets (flag signs) are complementary signs that should be used along with the other types to display the department title. The benefit of the flag signs is that they give a needed extra visibility from viewing angles that are not covered by the other signs. Updating is quick and easy, you just pop out the printed insert and replace it with a new one. Braille inserts are supported.

Easy to read clear signs, that can be positioned to give maximum Information.

## Book Stands

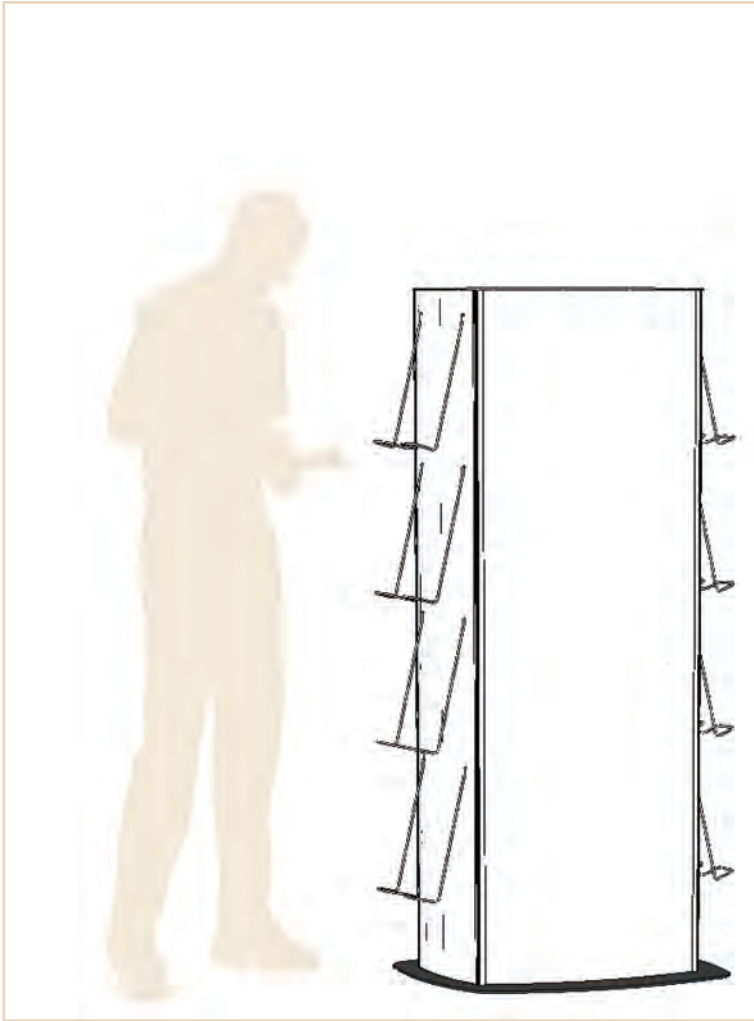

In every library you must have book stands to display selected books from each department. Vista System offers three types of book stands: large pylons for displaying many books in a central location; post pylons for displaying a single book; and table stands for displaying books on selected tables. All stands feature an easy updateable sign frame for displaying messages and graphics along with the books.

Choose the right product for you and order today from your preferred Vista system sign dealer.

Rhombus Book Stand

### Rhombus Book Stand

#### SECT0009

Overall sign size: H 60.35" x L 24" x W 11"  
H 1533mm x L 608.7mm x W 280.9mm

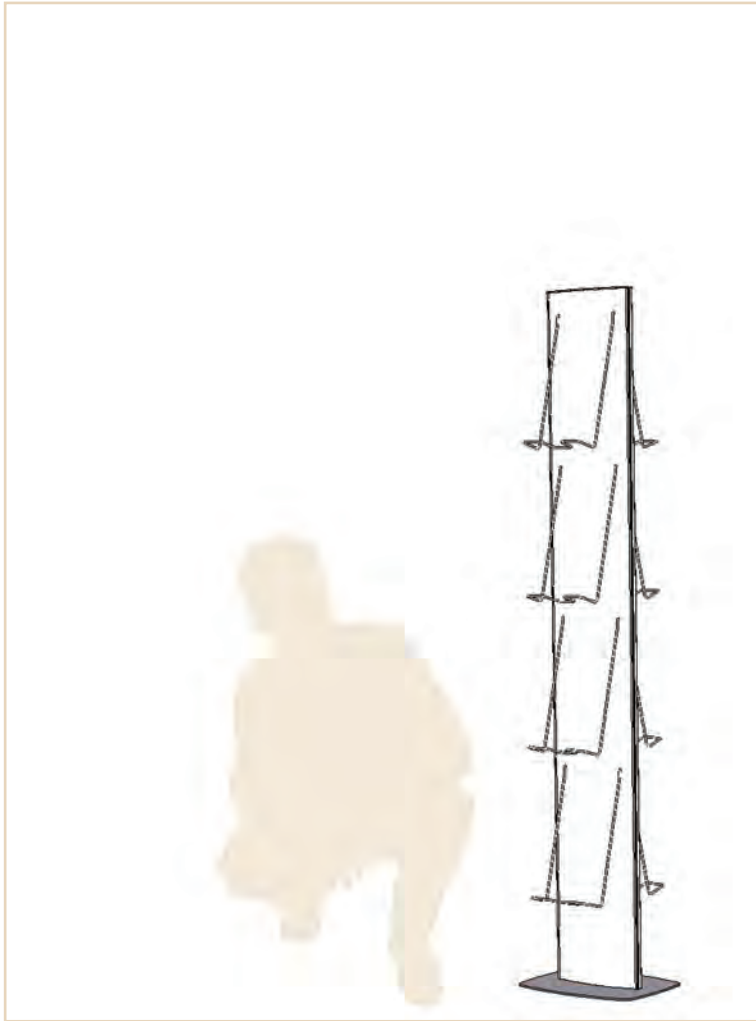

Insert size: 60" x 19.69" + 60" x 11"  
(1524mm x 500mm + 1524mm x 279.4mm)

■ The rhombus book stand is big and prominent. This book stand is impossible to miss! Use it for displaying a big selection of books in a central location of the library. Updating the printed area of the stand is quick and easy; just remove the printed insert and replace it with a new one. Braille inserts are supported.

Double Sided Book Stand

### Double Sided Book Stand

#### SECT0010

Overall sign size: H 60.3" x W 8.83"  
H 1530.5mm x W 224 mm

Insert size: 60" x 11" (1524mm x 279.4mm)

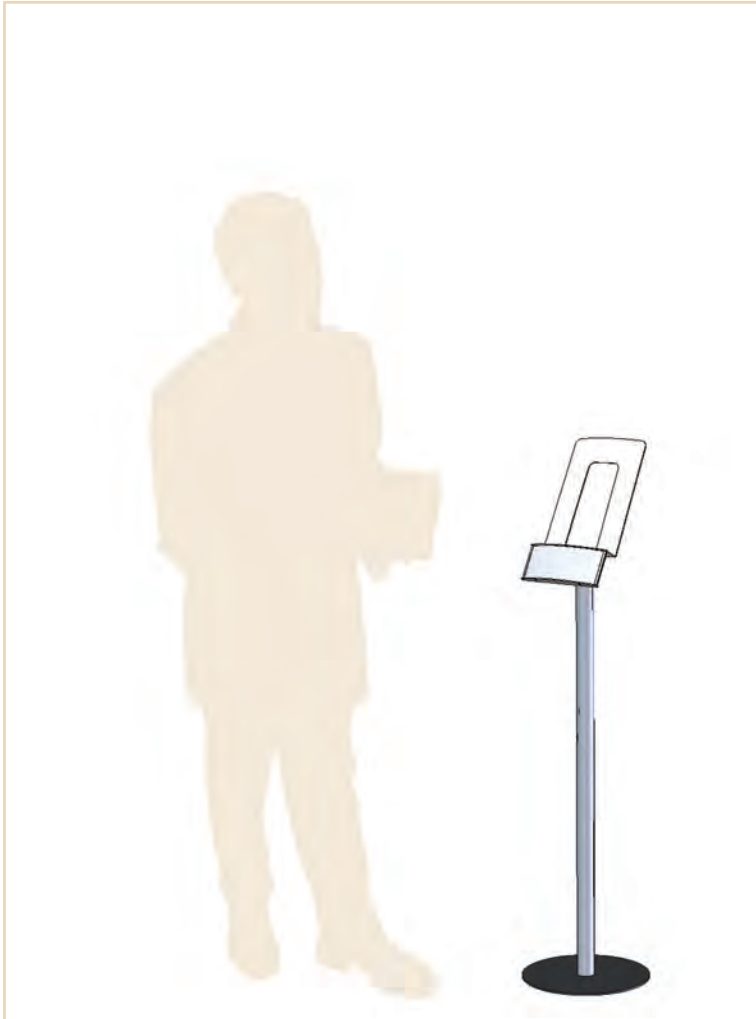

■ The double sided book stand features a lot of book slots, yet is very compact. Use it for displaying a big selection of books in a central location of the library or in less spacious locations. Updating the printed area of the stand is quick and easy: just remove the printed insert and replace it with a new one. Braille inserts are supported.

Book of the Month

## Book Stands

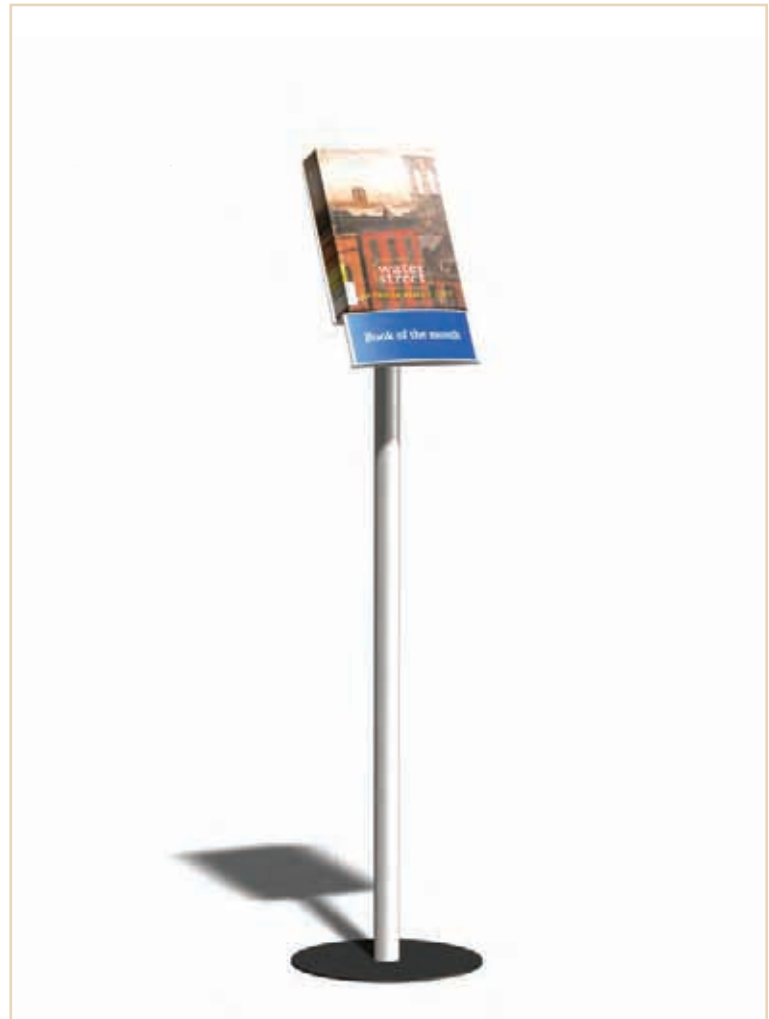

### Book of the Month

#### SECT0004

Overall sign size: H 50" x W 8.8"  
H 1262mm x W 224mm

Insert size: 8.54" x 3.15" (217mm x 80mm)

■ Use this stand to display the book of the month for each department. The label frame can be easily updated: just remove the printed insert and replace it with a new one. Braille inserts are supported.

Author of the Month

## Author of the Month

### SECT0005

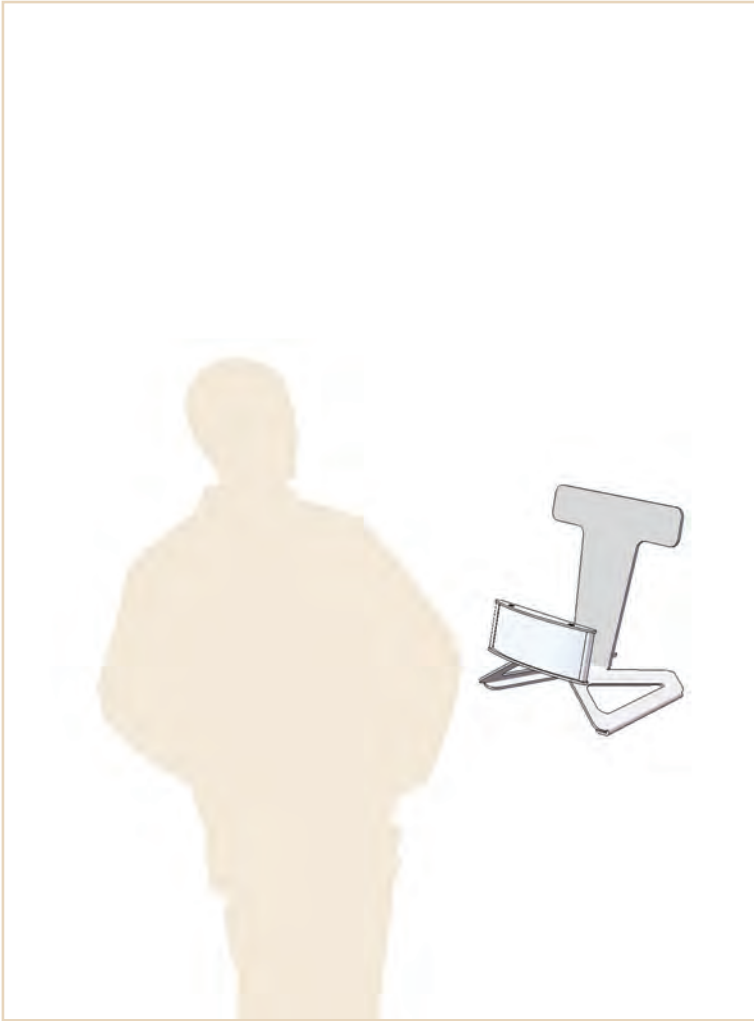

Overall sign size: H 15.4" x W 9.4"  
 H 391.5mm x W 238.5mm

Insert size: 5.9" x 8.5" (150mm x 215.9mm)

■ This table stand features a larger than usual sign frame for displaying information about the author of the month. Updating is quick and easy: just remove the printed insert and replace it with a new one. Braille inserts are supported.

Scorpion Book of the Month

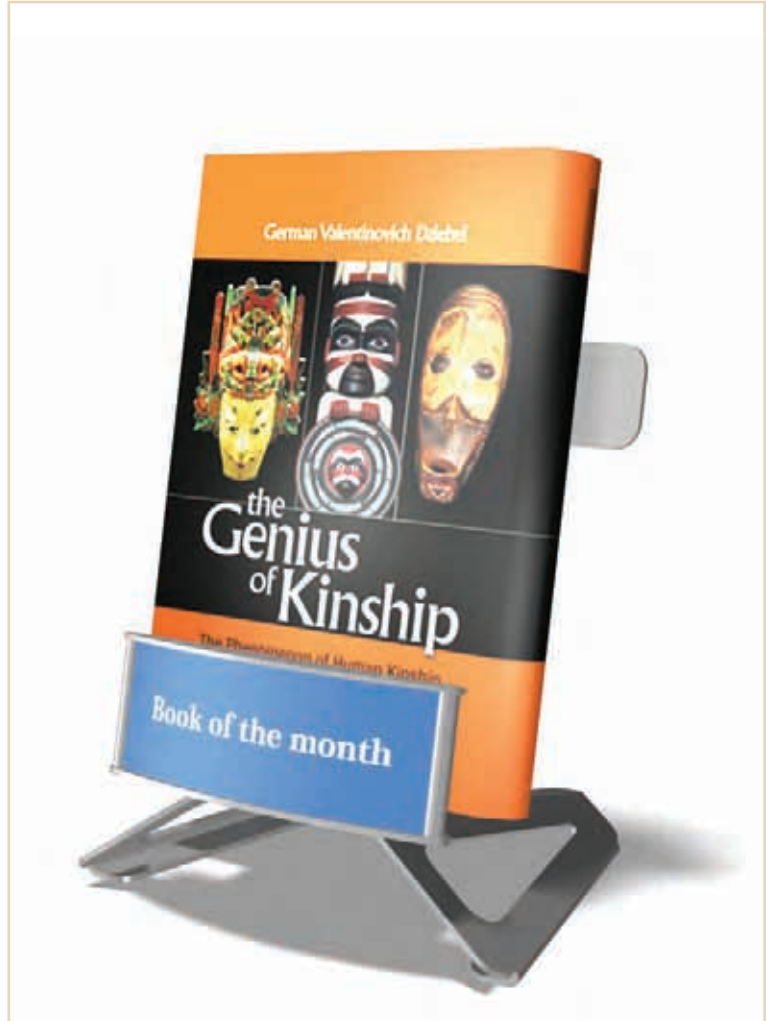

**Scorpion Book of the Month**

**SECT0006**

Overall sign size: H 8.5" x W 7.85"  
 H 216.7mm x W 199.5mm

Insert size: 1.96" x 5.82" (50mm x 148mm)

■ This elegant table stand is ideal for displaying the book of the month and features a small sign frame for displaying book details. Updating is quick and easy; just remove the printed insert and replace it with a new one. Braille inserts are supported.

The signs blend into the architectural design, while giving information that is simple to understand.

## Shelf Dividers

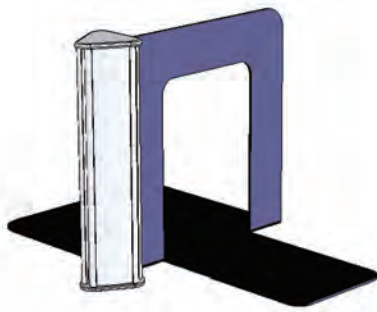

Vista System's shelf dividers are smart. They feature a small sign frame for displaying information about the area being divided. The dividers are ideal for instances when you need to divide a long shelf into separate thematic areas. Updating is quick and easy; just remove the printed insert and replace it with a new one.

Braille inserts are supported.

Books holder

### Books holder

#### SECT0012

Overall sign size: H 9.8" x W 5.9"  
H 248mm x W 150mm

Insert size: 5.9" x 1.02" (150mm x 26mm)

■ Vista System's dividers for shelves are smart, they feature a small sign frame for displaying information about the area being divided. The dividers are ideal for occasions when you need to divide a long shelf into separate thematic areas. Updating is quick and easy; you just pop out the printed insert and replace it with a new one. Braille inserts are supported.

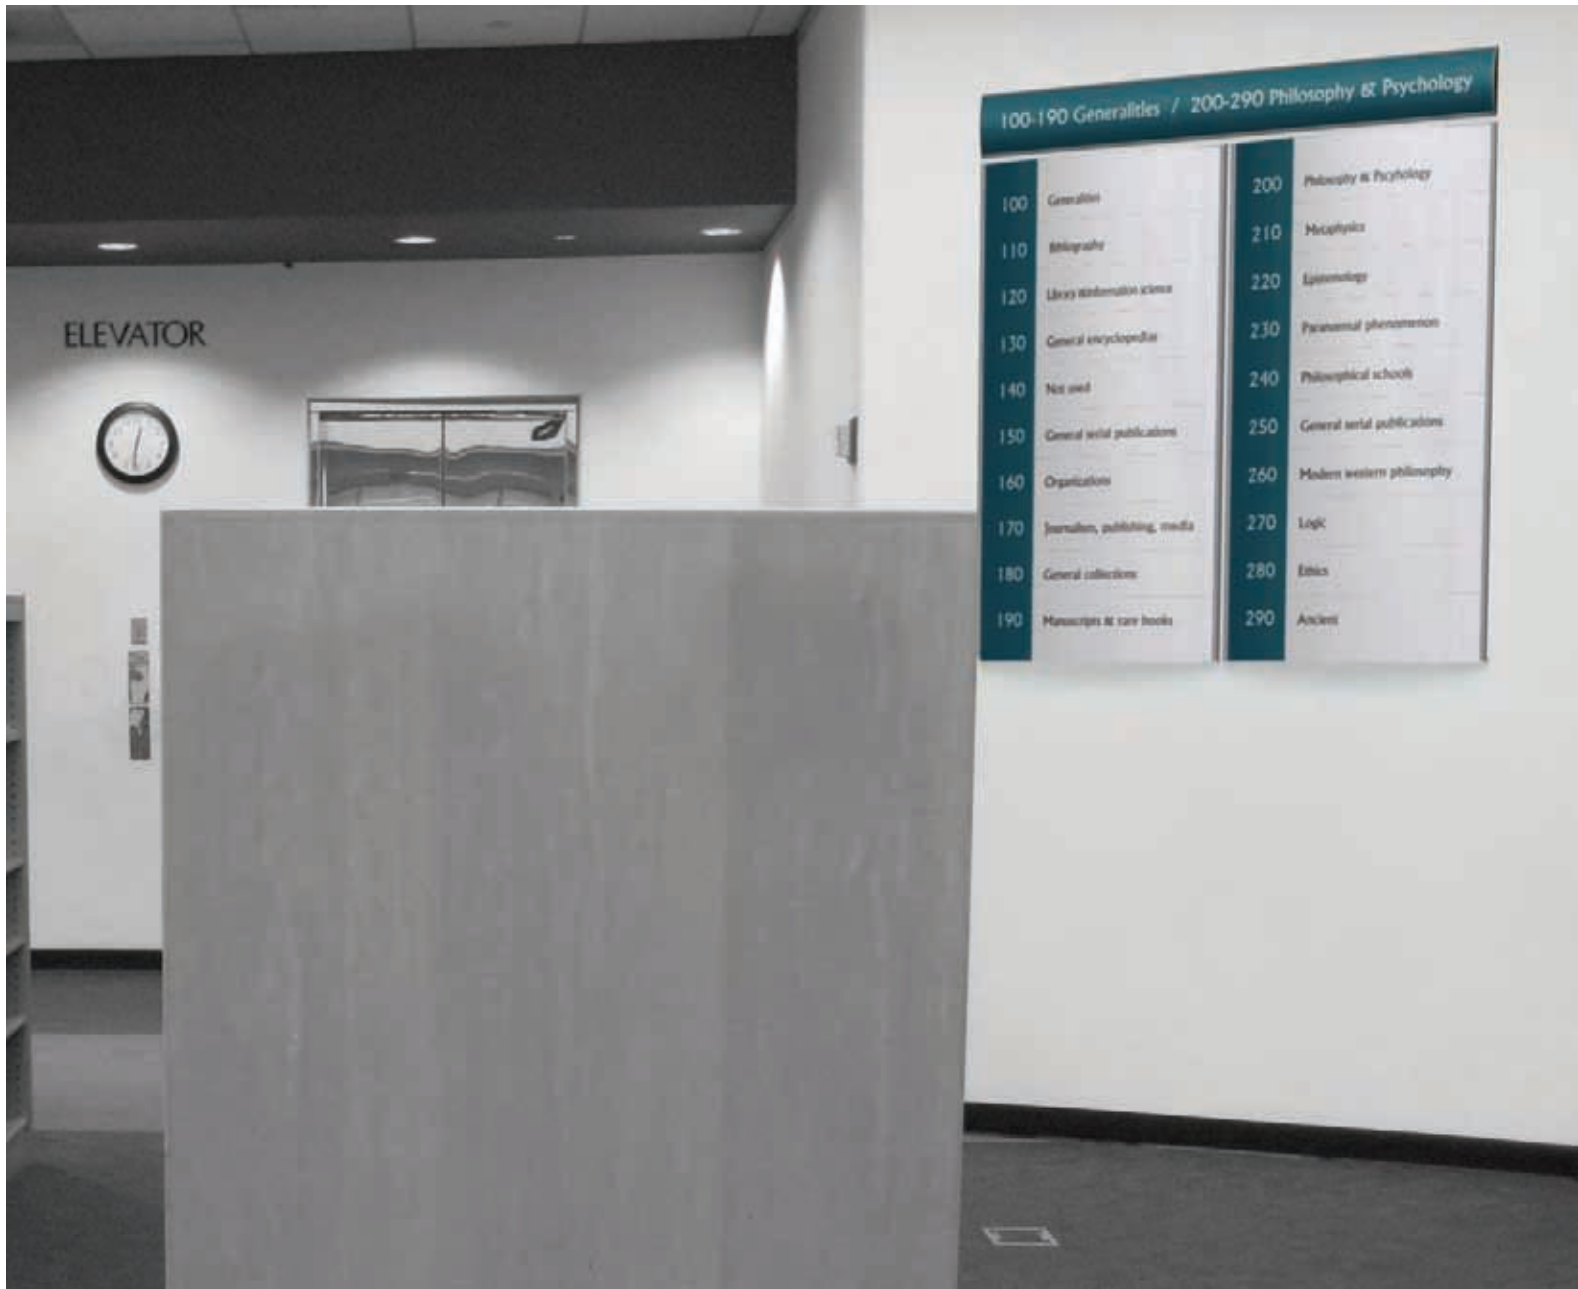

With Vista System, you get what is expected from a leading international sign manufacturer.

# Dewey Decimal System

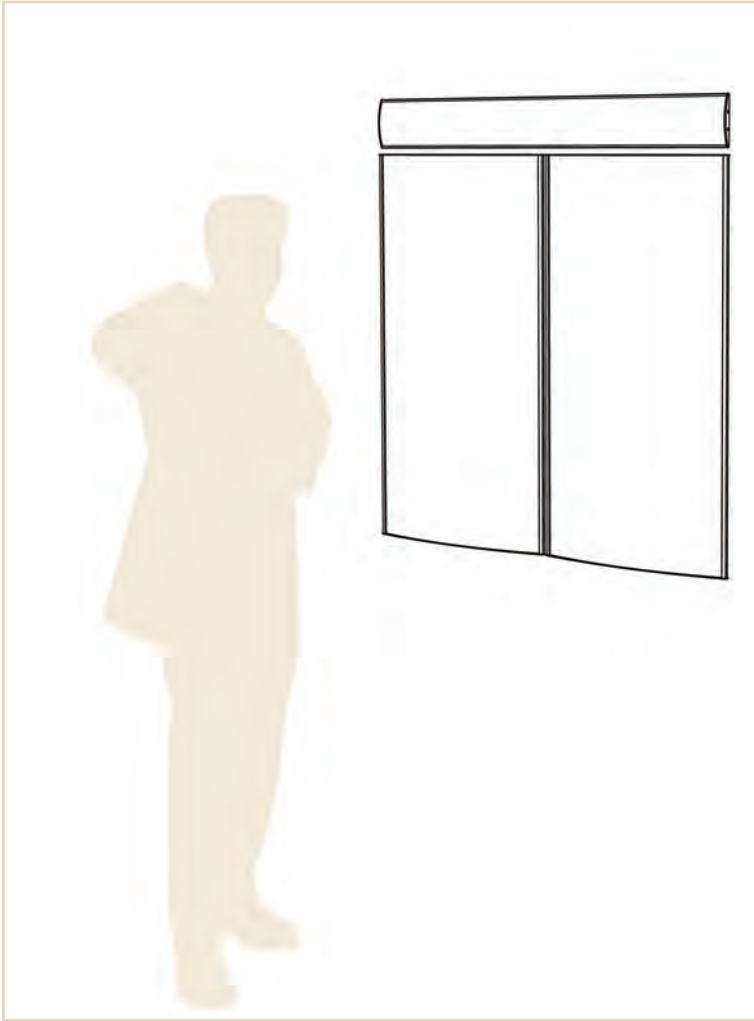

Every library uses a classification system for easily accessing its books. The classification codes should be clearly displayed throughout the library in key locations like the main halls, department entries, and book shelves. Vista System offers a variety of sign frames for this purpose.

Choose the right product for you and order today from your preferred Vista System sign dealer.

Directory Categories Index

## Directory Categories Index

### SECT0047

Overall sign size: H 6.02" x W 39.37" + H 37.4" x W 19.9" (x2)  
 H 153mm x W 1000mm + H 950mm x W 506.3mm (x2)

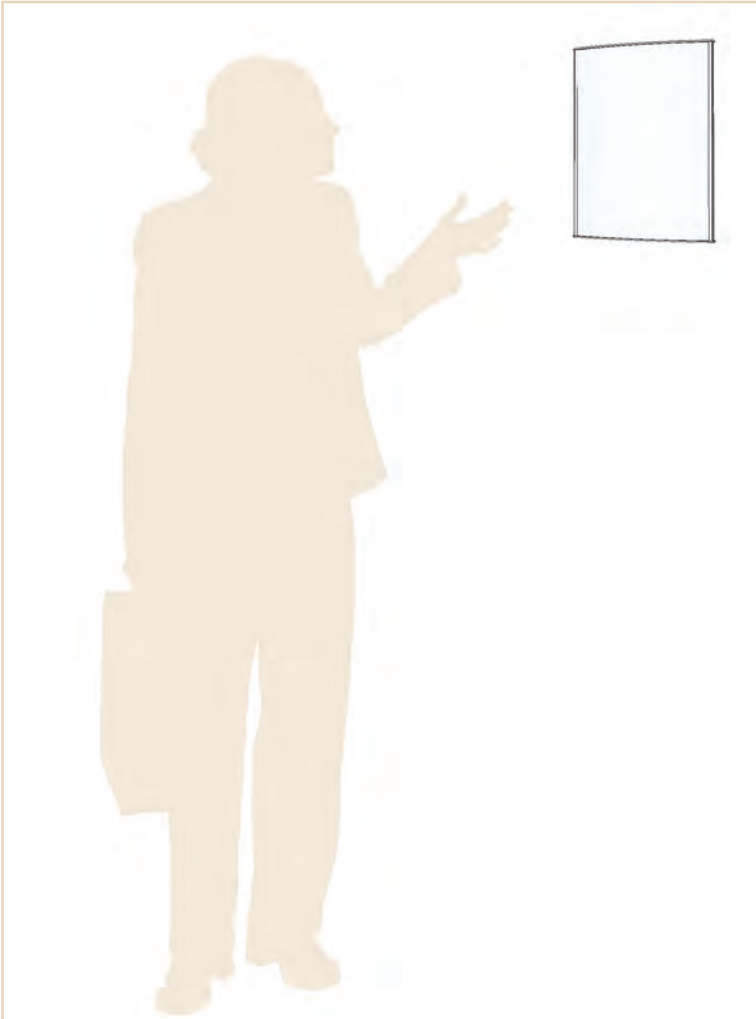

Insert size: 4.56" x 39.37" (116mm x 1000mm) +  
 37.4" x 19.68" (950mm x 500mm) (x2)

100-190 Generalities / 200-290 Philosophy & Psychology			
100	Generalities	200	Philosophy & Psychology

Vista System provides a comprehensive solution with an unrivaled range of applications that covers the entire project for a competitive price.

## Warning Signs

A library is a well organized place. In order to keep it organized and efficient, there must be rules that visitors should obey. One of the most famous library warnings is the "Keep Quiet" sign, but of course there are many more.

Vista System offers a wide selection of elegant and eye catching signs for displaying warning signs that show the rules of the library.

Choose the right product for you and order today from your preferred Vista system sign dealer.

Use of mobile phones is prohibited

### Use of mobile phones is prohibited

#### SECT0062

Overall sign size: H 8.7" x W 7.2"

H 221mm x W 182.7mm

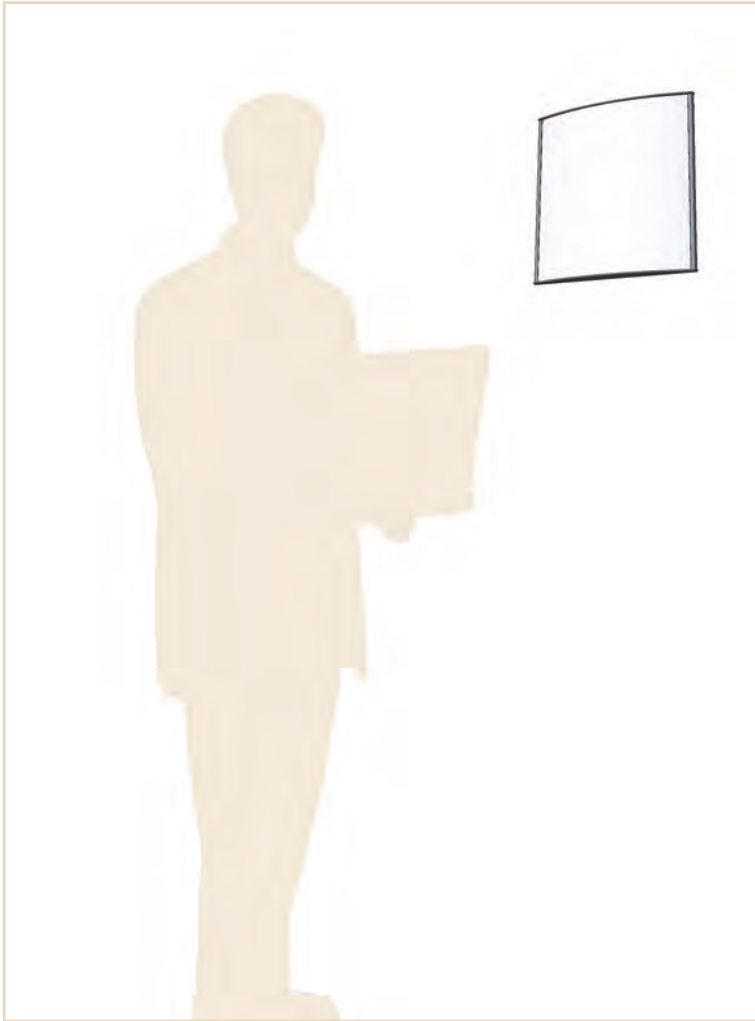

Insert size: 8.5" x 5.83" (216mm x 148mm)

- Use a well placed flag sign to display the library warning signs. Insert size: 5.9" x 2.22" (150mm x 56.5mm)

■ Use a well placed mini pylon for displaying computer specifications near the computers facilities. Updating is quick and easy: just remove the printed insert and replace it with a new one. Braille inserts are supported.

How to burn a CD

## How to burn a CD

### SECT0069

Overall sign size: H 5.65" x W 8.8"  
H 143.2mm x W 223mm

Insert size: 5.5" x 8.54" (139.7mm x 217mm)

■ Use a well placed table stand for displaying instructions of how to burn a CD on relevant tables in the computers facilities. Updating is quick and easy; you just pop out the printed insert and replace it with a new one.

Vista System is sold only under the brand name "Vista", only to the sign trade. Working this way assures sign makers that Vista System will not compete with them and that the project is done by professionals.

# Magazines

Every library has a magazine area where visitors can review or borrow magazines in various topics. This area should be well organized; the magazines should be displayed clearly so visitors can easily find the right magazine.

Choose the right product for you and order today from your preferred Vista System sign dealer.

Wall mounted magazines display

**Wall mounted magazines display**

**SECT0011**

Overall sign size: H 65.4" x W 51.6"  
H 1660mm x W 1309mm

Insert size: 5.83" x 17.01" (148mm x 432mm)

■ This stand is modular so it can fit any necessity. Each row can be labeled by topic that can be easily updated.

No other curved system can offer such a comprehensive solution, like Vista System.

## Music and Video

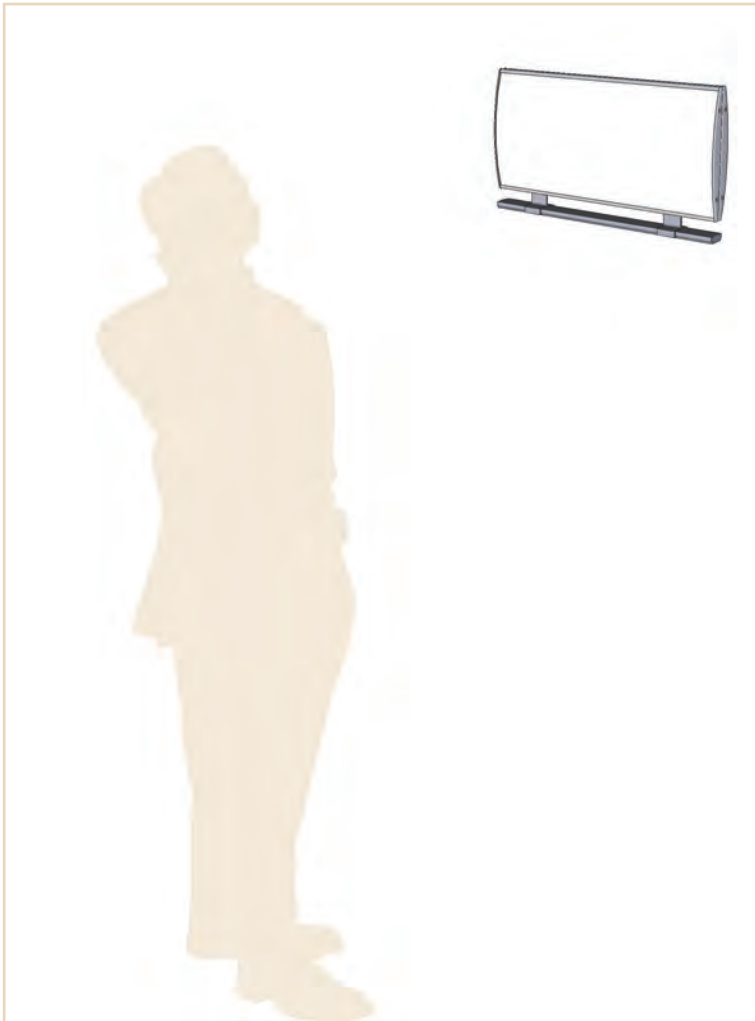

Many book libraries feature a CD and DVD area, and of course there are libraries that specialize solely in music and videos. Each section in the music and video department should be clearly identified and labeled. Vista System offers a wide selection of sign types for the music and video department.

Choose the right product for you and order today from your preferred Vista System sign dealer.

Music / Film genre - Flag sign

**Music / Film genre - Flag sign**

**SECT0070**

Overall sign size: H 9.2" x W 16"

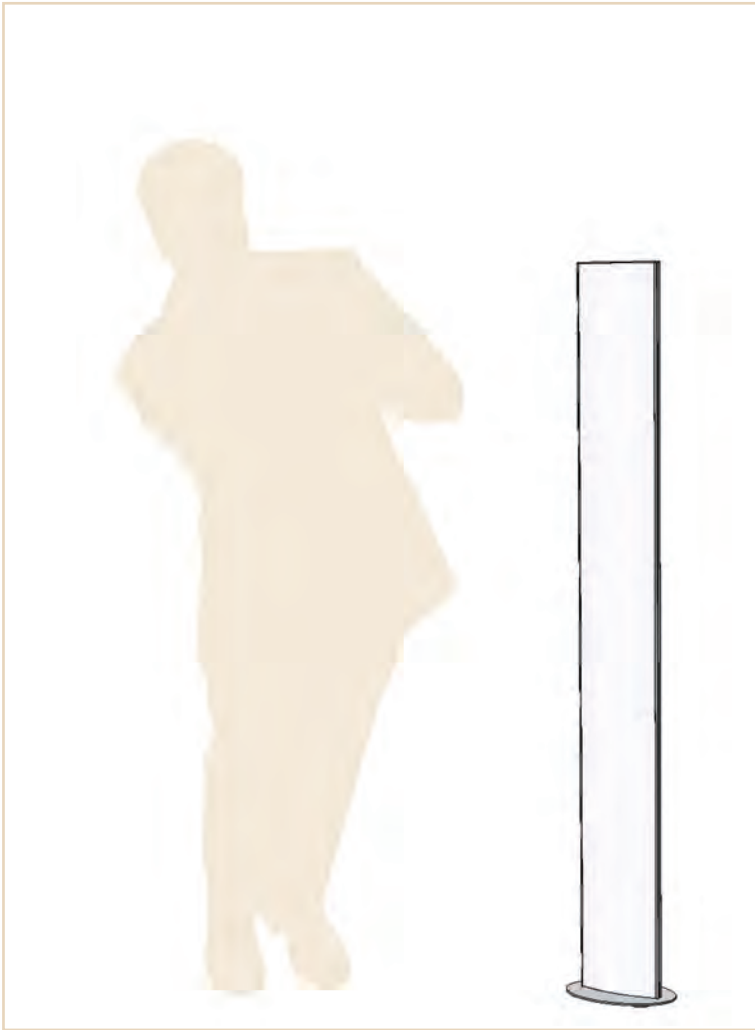

H 233.1mm x W 406mm

Insert size: 7.68" x 16" x (195mm x 406.4 mm)

■ Use a well placed flag sign to display the music / film genres. The benefit of the flag signs is that they give a needed extra visibility from viewing angles that are not covered by the other signs. Updating is quick and easy; you just pop out the printed insert and replace it with a new one.

Music / Film Genre- Pylon

**Music / Film Genre - Pylon**  
**SECT0071**

H 1569.5mm x W 202mm

Insert size: 61.34" x 7.68" (1558mm x 195mm)

■ Use a well placed double sided pylon to display the music / film genres. Updating is quick and easy; just remove the printed insert and replace it with a new one.

Music / film genre - Suspended

### Music / film genre - Suspended

#### SUS36

Overall sign size: H 11.9" x W 16.7"  
H 301.7mm x W 424mm

Insert size: 11.69" x 16.54" (297mm x 420mm)

■ Use a well placed suspended sign to direct visitors to display the music / film genres. Suspended signs are very flexible; they come in many sizes and types and can be easily mounted to the ceiling. Updating is quick and easy; you just pop out the printed insert and replace it with a new one.

CD's Shelf Divider (Portrait)

**CD's Shelf Divider (Portrait)**

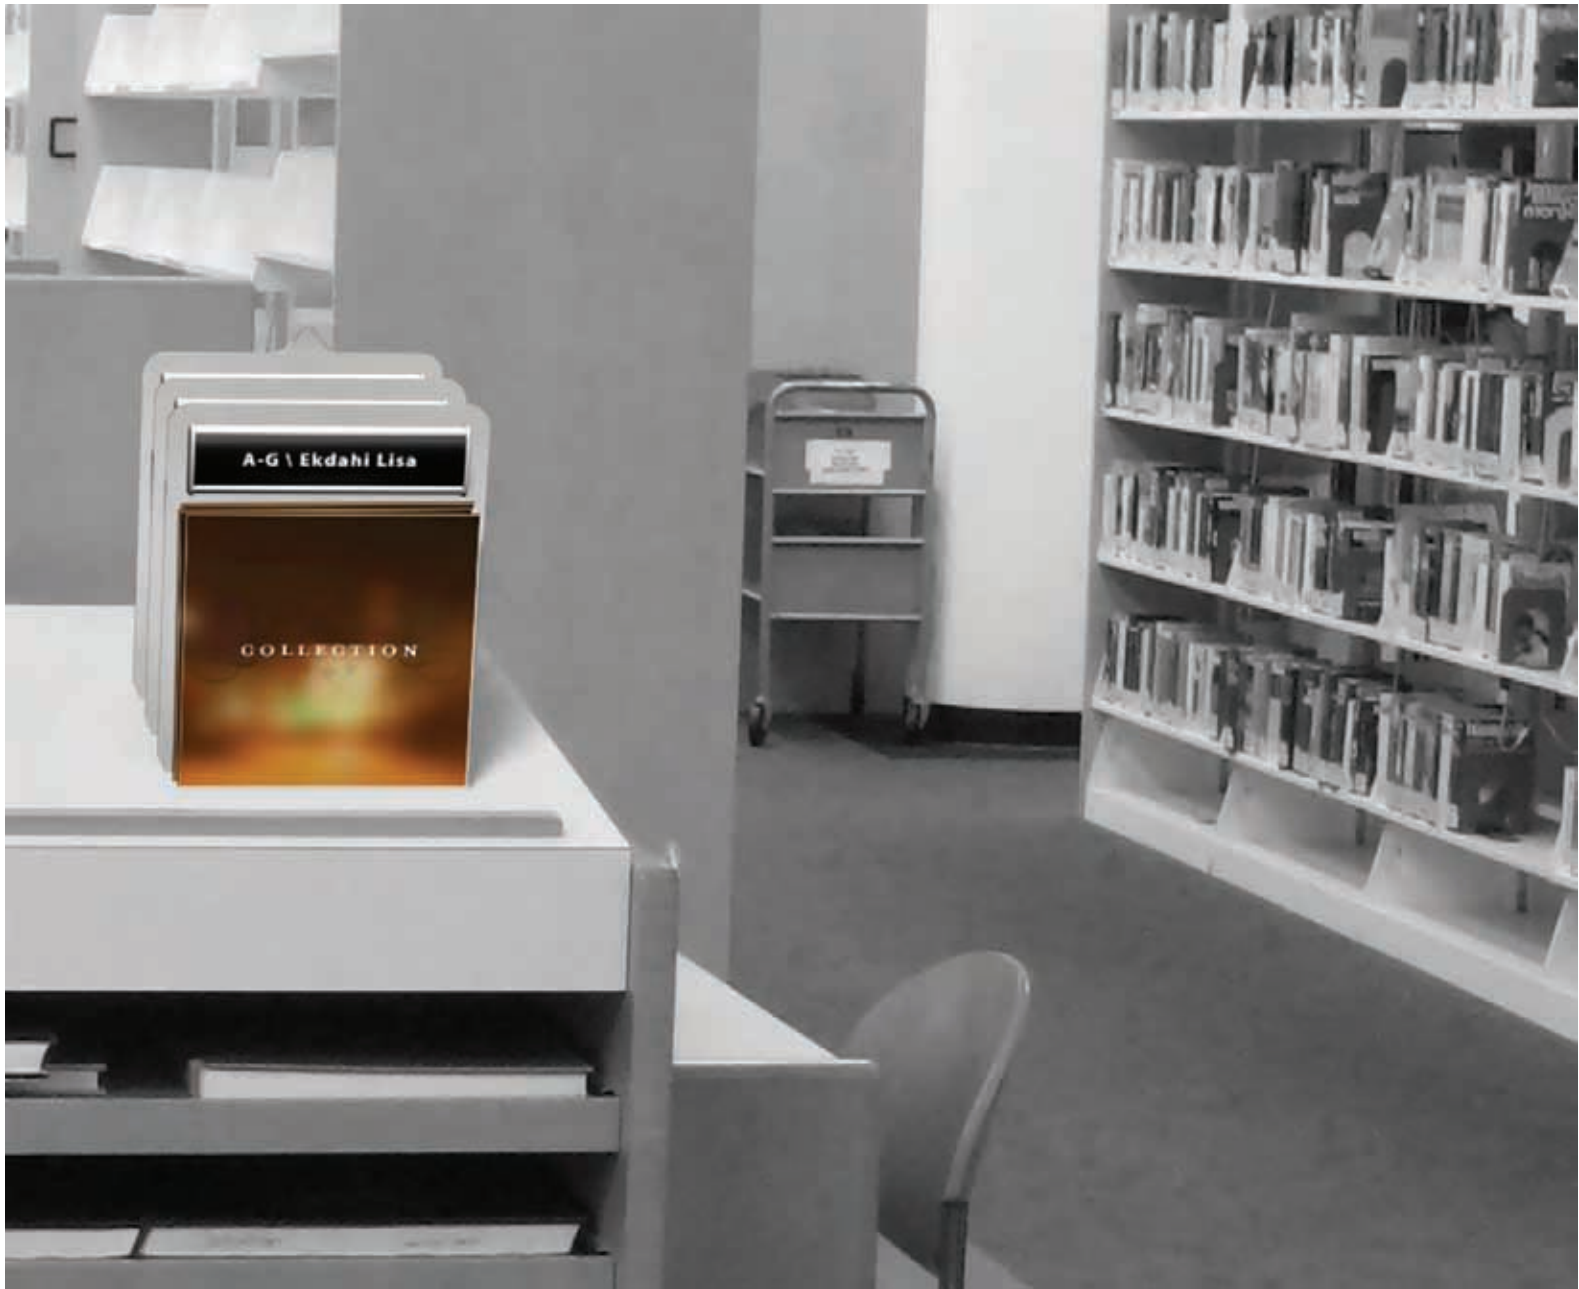

**SECT0033**

Overall sign size: H 5.63" x W 6.6"

H 134mm x W 168mm

Insert size: 4.57" x 1.18" (116mm x 30mm)

■ Use the portrait dividers for CD's when you need to display the labels to the top of the shelf. The dividers are ideal for occasions when you need to divide a long shelf into separate thematic areas. Updating is quick and easy: just remove the printed insert and replace it with a new one. Braille inserts are supported.

CD's Shelf Divider (Landscape)

### CD's Shelf Divider (Landscape)

**SECT0034**

Overall sign size: H 5.63" x W 6.6"  
H 134mm x W 168mm

Insert size: 4.57" x 1.18" (116mm x 30mm)

■ Use the landscape dividers for CD's when you need to display the labels to the left or right of the shelf. The dividers are ideal for occasions when you need to divide a long shelf into separate thematic areas. Updating is quick and easy: just remove the printed insert and replace it with a new one. Braille inserts are supported.

Vista System offers a revolutionary solution for attaching and installing signs with no need for the welding and/or building of metal construction for support.

## Children's Department

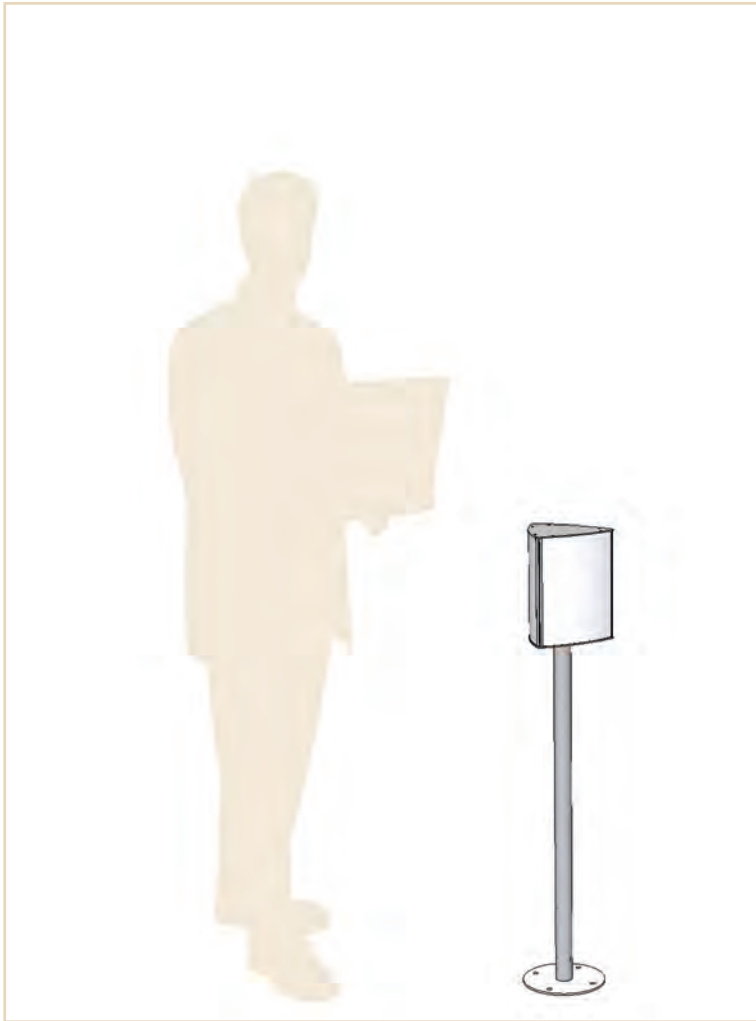

The children's department of the library should be very friendly, colorful, and inviting. As with the usual signage for departments, labeling and wayfinding that are shown in other areas of this website, the children's department should also feature specific signs suitable for the unique characteristics of the department.

Choose the right product for you and order today from your preferred Vista system sign dealer.

Triangular area theme

### Triangular area theme

#### TRP3

Overall sign size: H 44" x W 8.3"  
H 1110mm x W 210.6mm

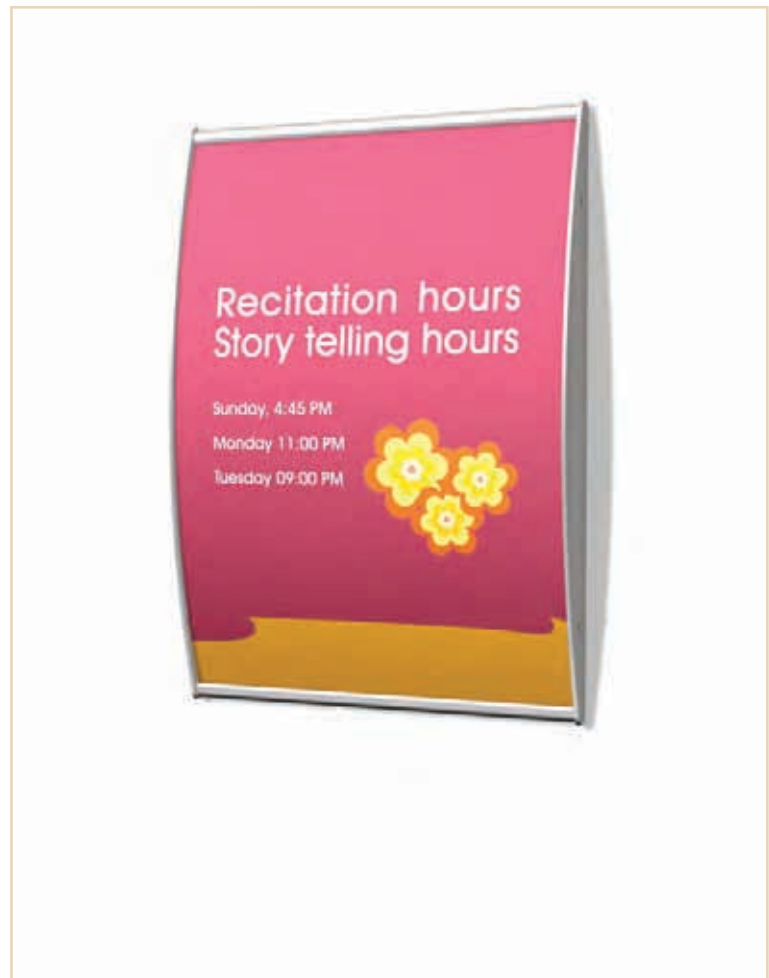

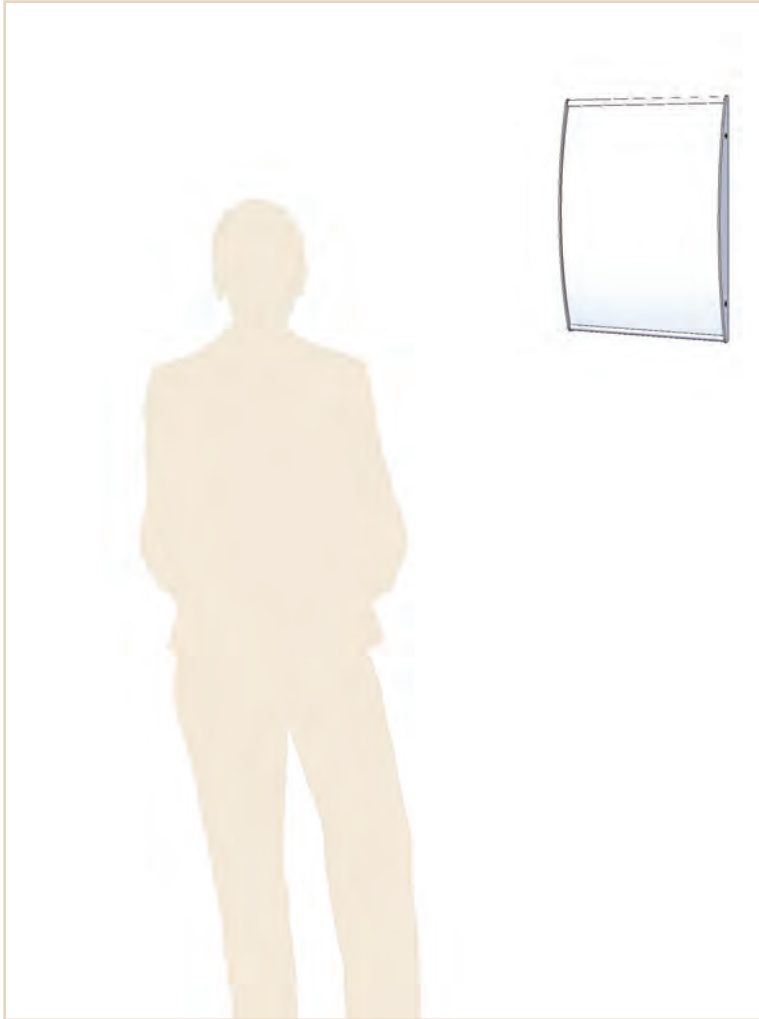

Insert size: 9.84" x 7.8" (250mm x 198mm)

■ Area theme signs are used to introduce each area of the children library in a friendly, clear and colorful fashion. Updating is quick and easy; you just pop out the printed insert and replace it with a new one. Braille inserts are supported.

Recitation Hours

## Recitation Hours

### SECT0075

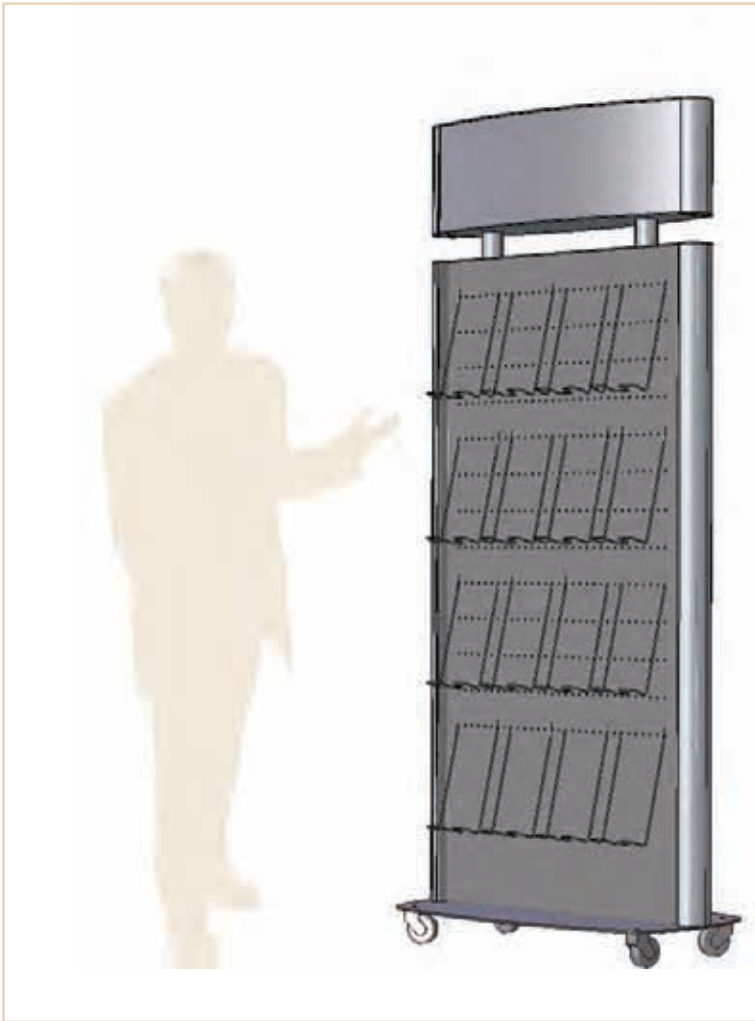

Overall sign size: H 11.2" x W 8"  
H 284.5mm x W 204mm

Insert size: 10.98" x 7.87" (279mm x 200mm)

■ Use a well placed wall frame to display the recitation hours at the children's department. Updating is quick and easy; just remove the printed insert and replace it with a new one. Braille inserts are supported.

Book Display Stand on Wheels

### Book Display Stand on Wheels

#### SECT0035

Overall sign size: H 90" x W 38.7"  
H 2288mm x W 984.6mm

Insert size: 35.51" x 11.81" (902mm x 300mm)

■ A book display stand on wheels is ideal for displaying a large number of books in a central location of the children's department. A book display stand on wheels is often used for displaying new books, selected books for a relevant holiday or event, or books from a specific popular author. Since it is on wheels, this book stand can be easily moved around the department. Updating is quick and easy: just remove the printed insert and replace it with a new one. Braille inserts are supported.

A system of channels for screws inside the extrusion itself, enables the construction of an enormous selection of elements, within minutes and without any welding or special tools.

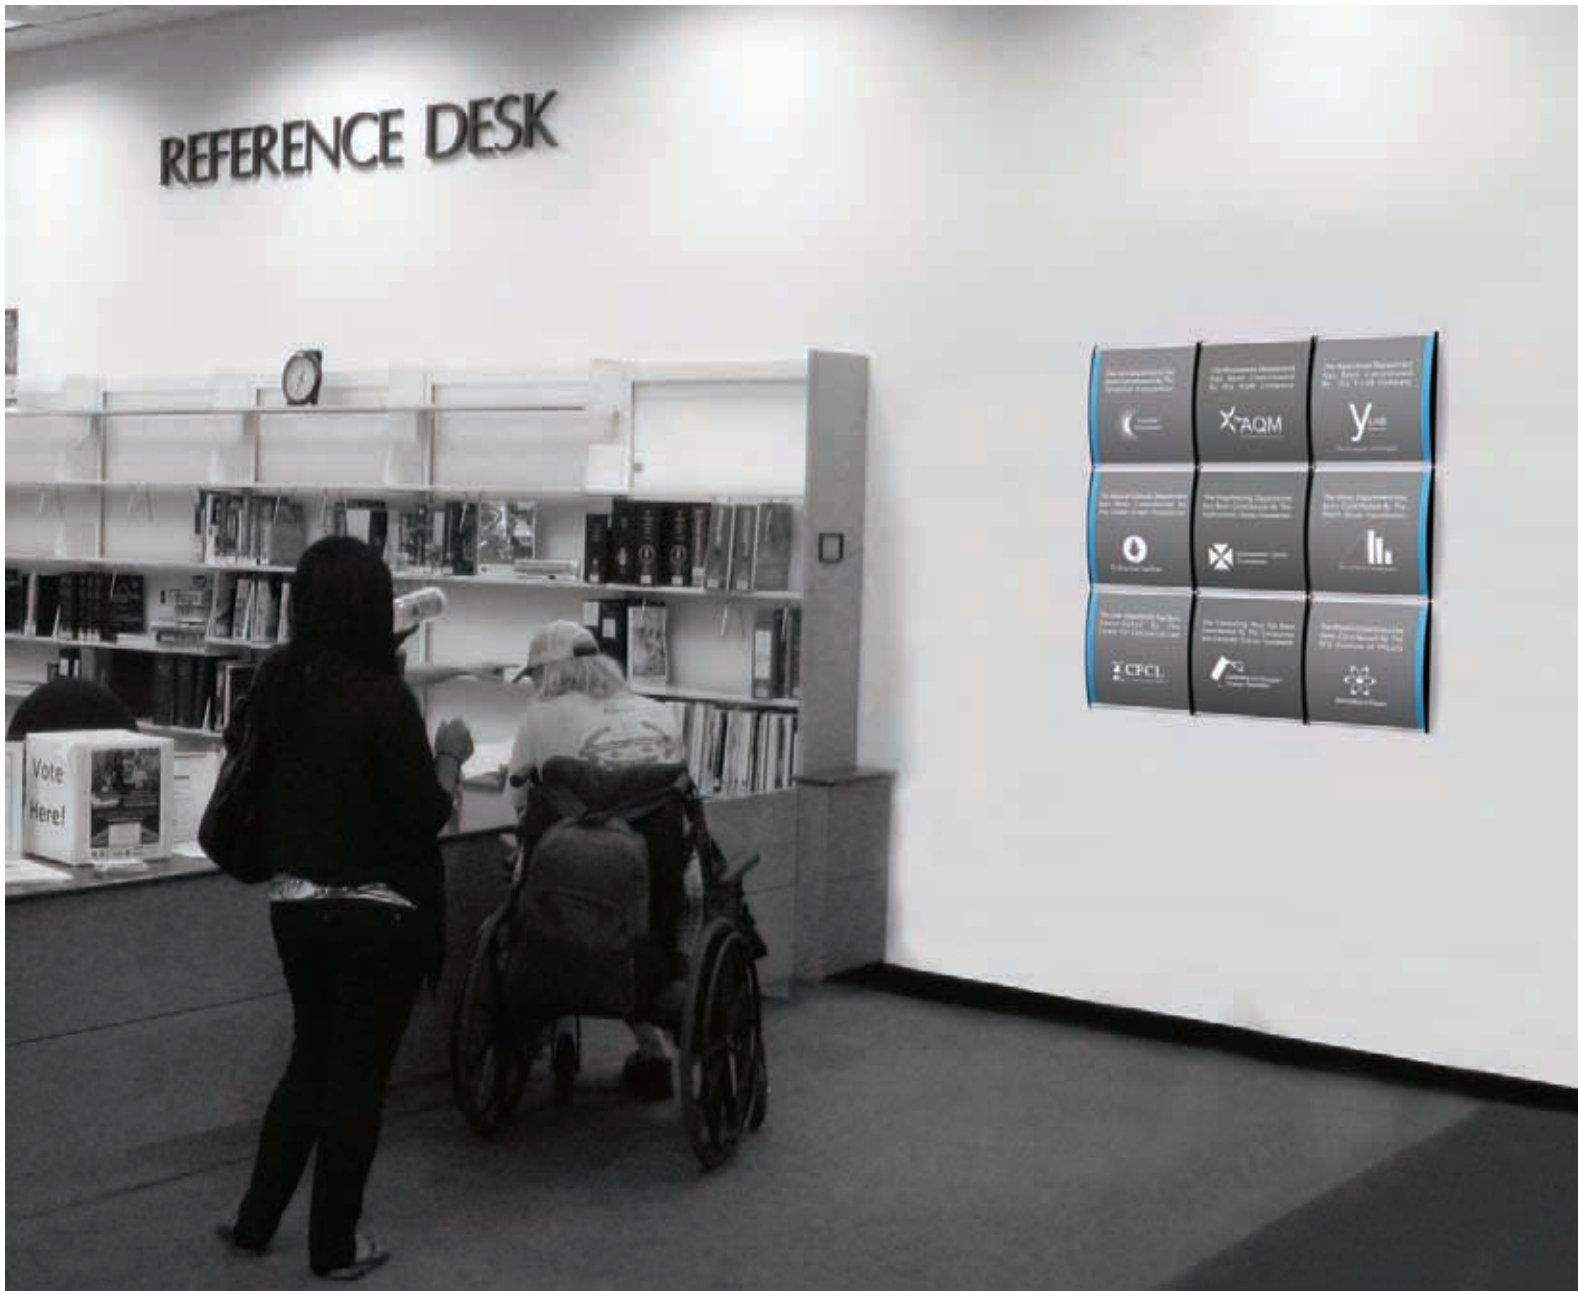

## Contributors signs

It is very common for libraries to display the names of their contributors in a visible and central location within the library. Vista System offers a wide range of special signage solution for displaying the contributors' names in a respectful and elegant fashion.

Choose the right product for you and order today from your preferred Vista system sign dealer.

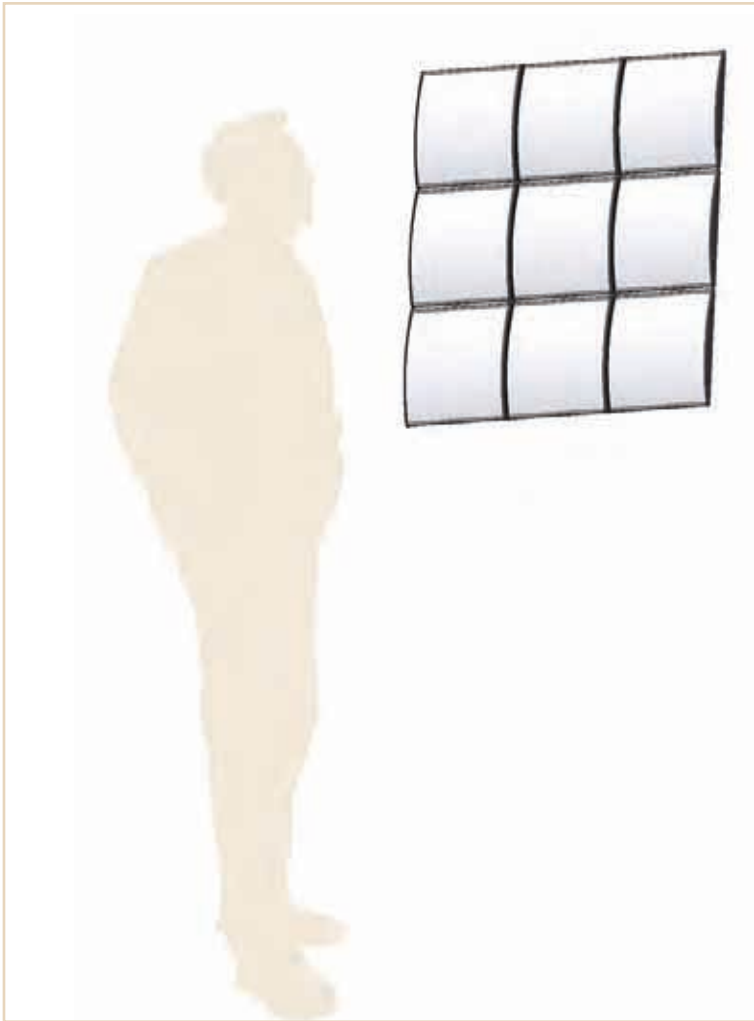

# REFERENCE DESK

Wall Mounted Contributor Sign

## Contributors signs

### Wall Mounted Contributor Sign

#### SECT0043

Overall sign size: H 8.5" x W 8.8"  
H 216mm x W 223mm

Insert size: 8.5" x 8.54" (216mm x 217mm)

■ A collection of wall frames combined to create a large display is ideal for displaying the contributors' names. Updating is quick and easy; just remove the printed insert and replace it with a new one. Braille inserts are supported.

■ Use this impressive and elegant square pylon to display the contributors' names in a respectable manner. Updating is quick and easy; you just pop out the printed insert and replace it with a new one.

## Tough signs for busy environments

Way finding products located within the reach of a crowd need to be tough. Vandalism frequently leads to damage to the signs. Cleaning staff, often need to use strong detergents and coarse cleaning materials which can also damage the signs.

Vista System utilises state-of-the-art technology to produce sign solutions made from hard anodised Aluminium and powder-coated steel. With MCFT, end caps remain firmly in place thanks to ultra strong screws. All parts are attached together using extremely strong materials without compromising the neat and modern design. Vista system is a frame system; any flat and flexible substrate can be flexed and inserted in to the frame and reinforced to keep it in place! Through simply choosing a tough sign insert, maximum protection is achieved. In rare cases where vandalism to a sign occurs the cost of replacing the insert instead of the whole sign is minimal. The replacement job is fast and easy, even by a novice.
